

**October 16, 2007 Notice To Public Amendment 1**

The Quincy Airport proposes to implement a Passenger Facility Charge (PFC) Program at the Quincy Airport. The PFC level will be \$4.50 for all projects shown below.  
 The estimated charge effective date will be January 1, 2008. The estimated charge expiration date will be March 1, 2019. The estimated revenue will be \$643,073.05.  
 The revenue will be applied toward the reimbursement of the local share of the completed and future projects shown below. Comments may be received until October 30, 2007.  
 Following, the PFC Program Application will be submitted to the Federal Aviation Administration. Please direct all correspondence to:

Martin Stegeman, Airport Manager, Quincy Airport
