

AERONAUTICS COMMITTEE MEETING AGENDA

September 3rd, 2025 at 4:30PM

City of Quincy Council Chambers

Call To Order

Public Comments (3-minute limit per speaker):

Approval of the July Aeronautics Committee meeting minutes

Engineering Report

Airport Director's Report

New Business

- Request authorization to allow Mayor Moore to enter into a T Hangar lease for T Hangar C with Stephen Nesbit?
- Request authorization to sell fleet vehicle 5A from the fleet inventory once we take shipment of the new replacement vehicle? We anticipate taking ownership of the new truck toward the end of September.
- Request authorization for the Airport Director to sign a DBE methodology contract with the FAA. This contract will set DBE goals for the next three years.
- Review the two bids regarding the Terminal Canopy Repair and make a recommendation to council.
- Request permission to alter the airport grants vision. See attachment for details.

Late Additions

- I am requesting the committee to think about the fire protection status at the airport as it pertains to Contour Airlines.

- I am asking the committee to think about the idea of changing or adding a city ordinance for any aircraft to be stored on the ramps they have to be airworthy or become airworthy within a month.
