

AERONAUTICS COMMITTEE MEETING AGENDA

**December 3rd, 2025 at 4:30PM
City of Quincy Council Chambers**

Call To Order

Public Comments (3-minute limit per speaker):

Approval of the November Aeronautics Committee meeting minutes

Engineering Report

Airport Director's Report

New Business

- Request authorization for Mayor Moore to enter into an amended engineering agreement with CMT regarding Quincy Regional Airports Disadvantaged Business Enterprise. The cost increase for the new agreement is \$5,000.
- Request authorization to select CMT as engineering firm to assist with a second SRE grant. This grant was encouraged by FAA certification inspector.
- Request authorization Quincy Airport to enter into a one-year fuel tank liability insurance agreement with Mt. Hanley Insurance Company in the amount of \$5,231.
- Request authorization for the airport to host Santa Clause. This visit will occur on 12/6/25.
- Request authorization for Dr Stephen Nesbitt to switch from T Hangar C6 to T Hangar C4. Note the cost will be the same.

Late Additions

- All I would like to make you aware of an error on my part. I will be taking to council an amended resolution in two weeks. The numbers I submitted in the terminal feasibility resolution were off.

- The restaurant verbally informed me today they will be closing in January. A health reason has come up. I asked the owner to send me something via text, email, or simple typed letter stating they are closing and the date.
