Old Business

ABNG Annual Statement filed. This was amended due to some errors found by the Comptroller's office. Terry Epley has corrected these errors and resubmitted this. Sheri Ray went to IDOI's website to reprint and download a new copy. A copy of this will be kept in the vault in the Treasurer's office. Next year, before we file, we would like to get a rough draft of the Annual Report to double check all numbers and that we match Epley. This rough draft will be brought to the Pension Board meeting.

Paul Moody has been added to the Northern Trust GCM account, replacing Paul Mason. This has been confirmed by Ruth Payne from IFPIF.

Jonathan Manion and Tyler Brumbaugh accepted into the Quincy Firefighters Pension Fund.

Keith Reed Retirement paperwork has been completed and filed.

Greg Dreyer and Sheri Ray have been reappointed to the Quincy Firefighters Pension Board.

No meeting with Mary Ann Ervin on RFP. Decision to stay with ABNG, go with Lauterback, or investigate other avenues.

IFPIF Fiscal Year End Statement, April 2025, there was an adjustment. The adjustment was on the Private Market Investment in the amount of \$20,567.35. This adjustment was done since they place fair market value on private market investments differently than they do on government investments. Greg Dreyer moved to receive and file, seconded by Sheri Ray, and on a roll call, each of the board members present voted yes. Motion carried.

Trent Wort, auditors are questioning his pension amount and if his checks are correct. His first raise was 1/1/2024. After looking at the pension calculator, his deposits from ABNG, and what auditors had sent are different. The board went over all the reports and numbers, and after some discussions, it looks like a number has been put in wrong. Trent's pay is correct, and his deposits are right; the information has been keyed wrong.
