

Right-of-Way Permit

- **Departments:** Engineering
- **Categories:** City Permits
- **Phone:** [\(217\) 228-4527](tel:(217)228-4527)

A Right-of-Way Construction Permit must be obtained by any utility or telecommunications provider wishing to construct their facilities on, over, above, along, upon, under, across or within City right-of-way. This permit is not required by any utility company that pays a Municipal Franchise Fee to the City of Quincy.

Requirements:

Please refer to Chapter 30 Article XI Section 1.1 of the City Code Book.

Application:

Right-of-way Construction Permits may be obtained by notifying the Engineering Department at (217)228-4527 or you may also download the application form using Adobe Acrobat Reader.

Fee: \$250 application fee plus \$0.10 per linear foot of project length

For additional information, please contact the Engineering Department at (217)228-4527.
