AERONAUTICS COMMITTEE MEETING AGENDA
November 4th, 2026 at 4:00PM
City of Quincy Council Chambers

1. Call To Order:

2. Public Comments (3-minute limit per speaker):

3. Approval of the October 7th, 2026 Aeronautics Committee meeting minutes:

4. Mayor's Report:

5. Engineering Report:

7. Airport Director's Report:

9. New Business:

- Ace Rental Car reached out. We were asked if we would like to charge $3.50 - per day - per car fee that would be paid to the airport starting in January 2027. I recommend we table this for six months and reevaluate at that time.

- Larry Forrest has not signed the new agreement for T Hangar D6. What course of action should we use moving forward from a legal perspective?

- David Milam's eviction date is coming up. A Certified Letter was sent to him. He's had two direct withdraws bounce. What course of action should be taken legally. Shut off his access badge?

- Request authorization to approve the special event lease for the vacated restaurant.

- Request authorization not to exceed spending up to $14,688 to repair two Asphalt to Concrete butt joints on TWY A.

- Request authorization not to exceed spending up to $17,894 to repair two concrete slabs near the Jet A fuel farm.

- Request authorization to Accept an amended T Hangar D5 lease allowing two aircraft to be stored in the hangar. Requires a resolution to go to council.

- Request authorization to approve the new ATM lease. Requires a resolution to go to council.

- Request authorization to accept the one proposal for new farm lease. Requires a lease to be drafted and a resolution sent to council for approval.

- Request authorization to accept the three bids for the repair of the bird netting over the wastewater lagoon. With this request I would draft a resolution for council in the amount of $154,000 to Leander Construction.

10. Late Additions

-

11. Adjournment
