# Message From The Chief

To: The Citizens of Quincy, Mayor John Spring,  
Members of the City Council, and the Board of  
Fire and Police Commissioners

On behalf of the men and women of the Quincy Police Department it is my pleasure to present to you our 2010-2011 Annual Report. We strive to better serve the citizens of the City of Quincy in a more effective and efficient manner. You will find that while the narrative of this report spans the fiscal year, many of the statistics do not. The statistics cited in this report compare calendar year 2010 to calendar year 2009. The reason being that many of the crime statistics for the first quarter of 2011 will not be available for some time. So as to keep this report timely, we will not compare statistics by the fiscal year.

We have continued the trend of reducing our personnel when possible. Two civilian employees who left city employ in late 2009 were not replaced. Further, their positions have been eliminated. One position was that of a receptionist/clerk from Central Records. The second position was an administrative assistant working in the Training/Accreditation office. While these two positions are permanently eliminated, in an effort to save money we also held two civilian positions open on a temporary basis. One typist position from Central Records was held open for all of 2010 while we experimented with voice recognition software; unfortunately, that technology is not yet where it needs to be and we filled that position in April 2011. We have also put our accreditation program on hold and have not filled the Assistant Accreditation Manager's position since that person retired in late 2009.

For a fourth year in a row, the overall index crime totals for Quincy have dropped. The overall decrease was 7.44% (1653 to 1530). Although some categories increased, Violent Crime was down 13.49% (215 to 186) and Property Crime was down 6.54% (1438 to 1344). The following lists the changes in the various index crime categories between 2009 and 2010. There were increases in five categories: Murder (0 to 1), Criminal Sexual Assault +2.78% (36 to 37), Burglary +13.36% (232 to 263), Motor Vehicle Thefts +48% (25 to 37), and Arson +66.67% (3 to 5). There were decreases in three categories: Robbery -33.33% (24 to 16), Aggravated Battery/Assault -14.84% (155 to 132), and Theft -11.80% (1178 to 1039).

Although citation numbers are down, we continued our traffic safety efforts in conjunction with the Illinois State Police and the Adams County Sheriff's Department. Our traffic safety program continues to be greatly enhanced by the IDOT grant funding. Seatbelt use remains at 92%. DUI related traffic crashes reduced 32.43% (37 to 25). When comparing 2010 traffic crash statistics to those of 2009, it is obvious that our work in this area is making a difference. Total traffic crashes decreased 7% to a twelve-year low of 1235. Total serious injuries from traffic crashes decreased 6.30%. Total traffic fatalities stayed constant at zero.

I would like to thank everyone for the great support this past year. I especially wish to thank the members of the Quincy Police Department; if not for their hard work and dedication, we would not be the department we are today.

Sincerely,

## Section One: Introduction

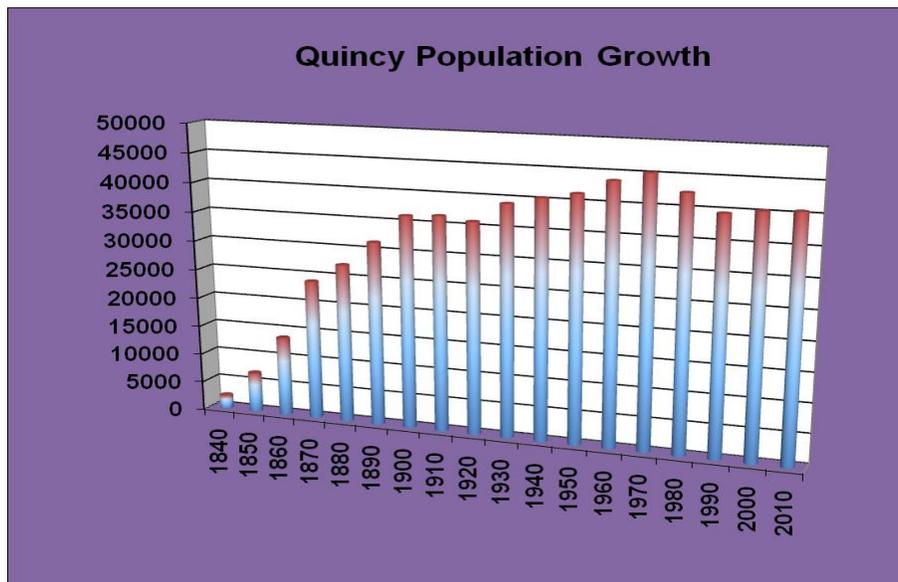

### 1.1. City Population 40,633

Since 1970, when Quincy's population was at its highest of 45,288, the population of the city has slowly declined to a point where it has stayed relatively steady since 1990. The 2010 Census reports the population of the city at 40,633 which is an increase of 267 from the 2000 Census report. Quincy is the 11th-most populous city in Illinois, outside of the Chicago Metropolitan Area.

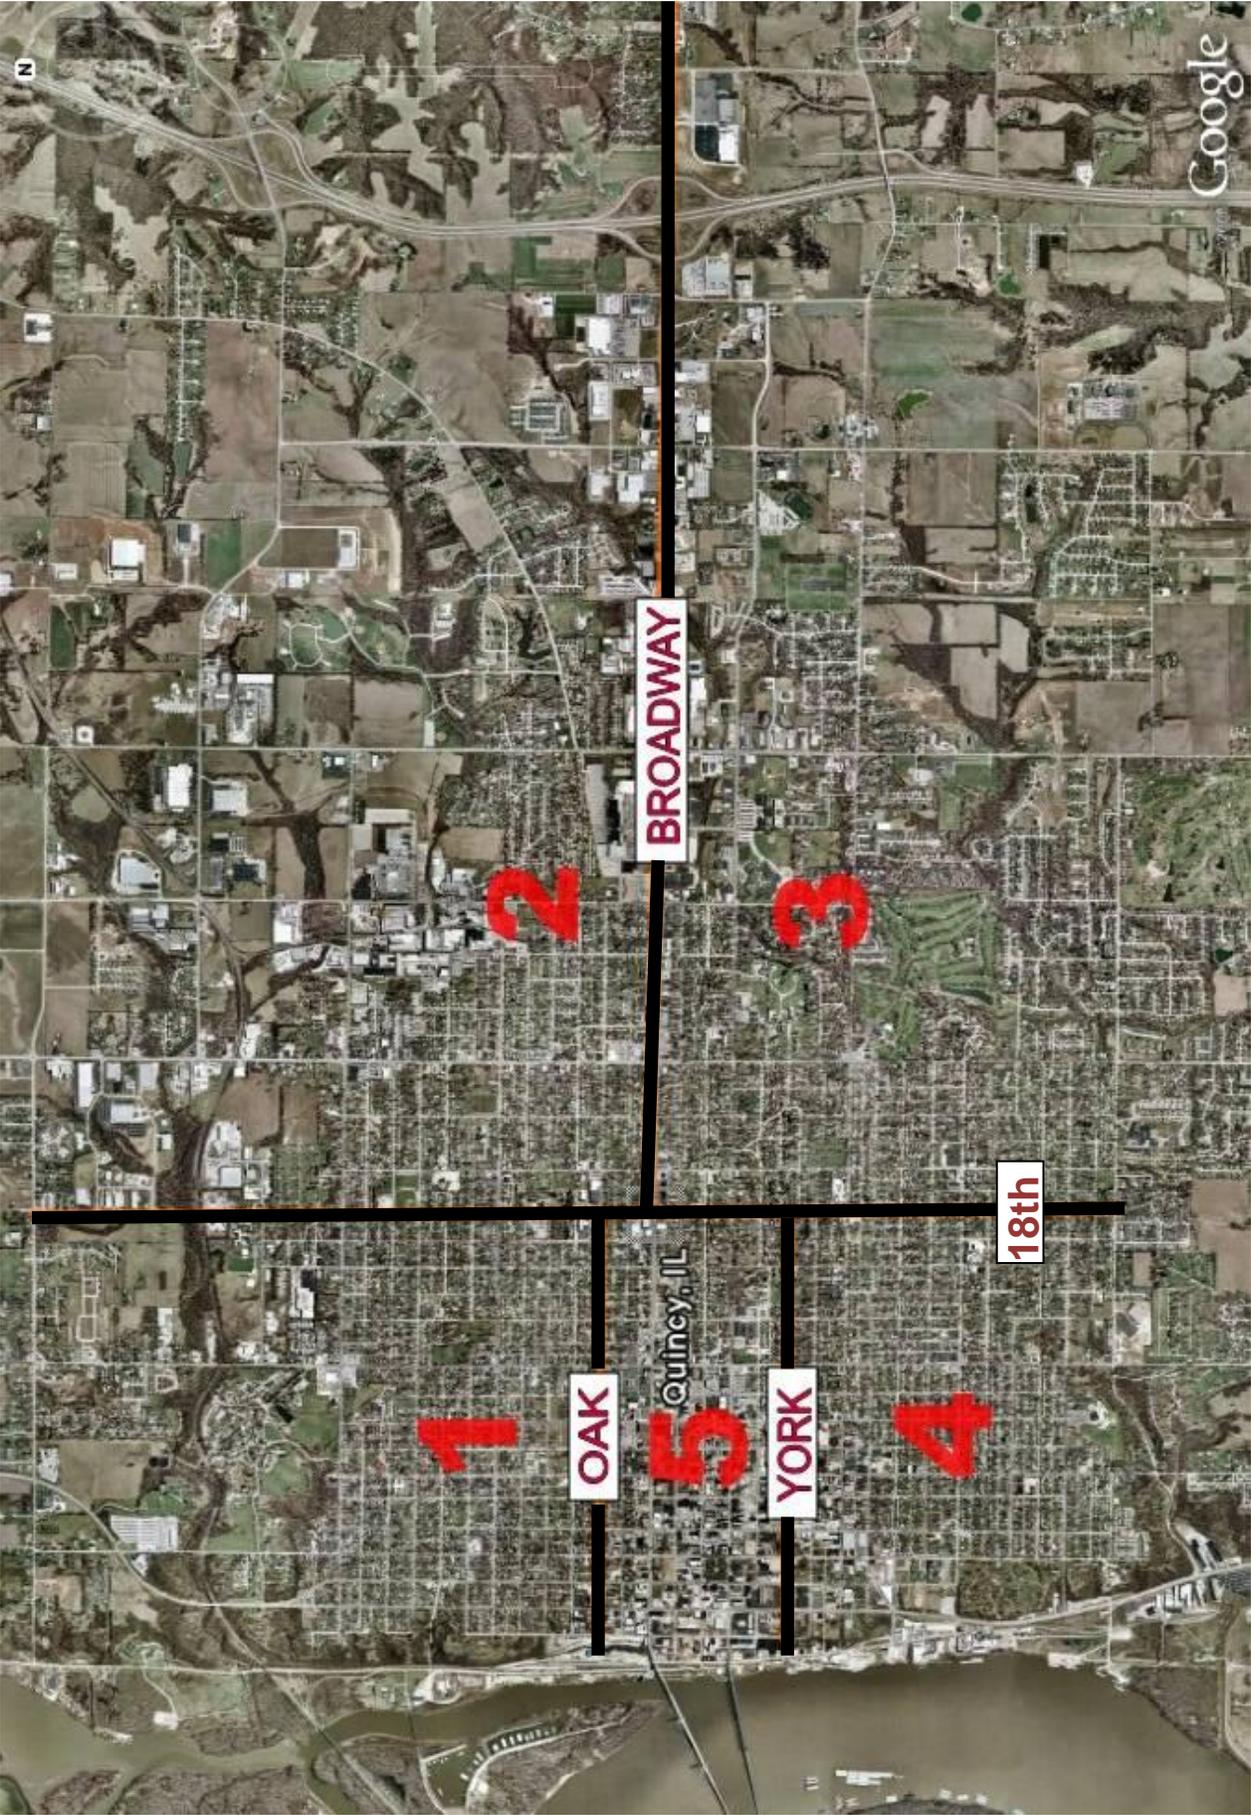

The land mass of Quincy encompasses 14.72 square miles of area and has a total of 180 street miles. There are approximately 15,000 residential properties with 18,043 housing units in the city. The police department has divided the city into five policing districts, three to the West of the dividing line which is 18<sup>th</sup> street and two to the East.

The Quincy police department is allotted to have 77 sworn officers; however the department has been below that level for several years and is currently staffed at 76 officers. Of these 76 officers, 17 hold a ranking position of Sergeant or above and there are two officers who are administrative support positions. Taking into account that the population of Quincy is 40,633 and using the number of employed Quincy police officers at 76, the per capita of police per 1000 residents is 1.8 officers as compared to the National police per capita for the Midwest of 2.2 officers.

However, if you take that further and use only the number of officers assigned to patrol, who respond to the overwhelming majority of calls for service, the per capita of police per 1000 residents drops to 1 officer per 1000 residents. Taking this to the shift level of officers working when at full manpower on any given day, the per capita of police per 1000 residents is .2 officers per 1000 residents. These numbers are based on residency population and do not take into account that on any given day the population in Quincy can double especially when you factor in the number of people coming to Quincy to attend school, shop, do business, and attend local events or just to visit.

The population numbers above were obtained from the U.S. Census Bureau

## 1.3. Department Guiding Principles

Every member of the Quincy Police Department is expected to put forth every effort possible to improve the quality of life in Quincy and will strive to:

1. Reduce crime and the fear of crime;
2. Work with the community to identify and solve community problems;
3. Treat everyone equally without bias;
4. Operate the Department with maximum efficiency.

The weekly Departmental Command Staff meeting continues to provide a valuable communication venue for the Chief of Police, the Deputy Chiefs, Lieutenants and section Supervisors to ensure that the Department's principles are being followed. This strategy meeting also serves a dual purpose in that operational Commanders are required to discuss areas where they are succeeding and those where they are not. The Line Council meeting, held quarterly, also provides a forum for all Department units to communicate with the Chief and to bring forth information from their level and to offer assistance to solve problems and put more eyes on the crime and policing challenges that affect the city. These meetings continually help units align their operations with the Department mission and goals.

# Mission Statement of The Quincy Police Department

*“As members of the Quincy Police  
Department, it is our mission and duty to  
serve the citizens of our community and to  
protect all life and property; to apply the  
law fairly, ethically and equally to all; and  
to work in concert with the citizens of our  
community to improve  
Quality of Life.”*

## Section Two: Uniform Crime Reporting System (UCR)

The Federal Bureau of Investigation (FBI) annually publishes the “Crime in the US” report. The report relies on data collected and reported by participating agencies. Unfortunately, the State of Illinois does not report its law enforcement agencies UCR information to the FBI.

The Quincy Police Department voluntarily participates in the State of Illinois UCR system. For the purposes of this report, the focus will be on the seven major crimes reported in UCR. For reporting purposes, the seven major crimes are categorized into two groups: Violent Crime (including Murder, Criminal Sexual Assault, Aggravated Assault/Battery and Robbery) and Property Crime (including Burglary, Theft and Motor Vehicle Theft). The Total Major Crime or Index Crime is an aggregate of the total Violent Crime and Property Crime, providing an overall view of major crime in an area.

The UCR system counts each victim of murder, sexual assault and aggravated assault/battery as an individual crime occurrence, whereas only incidents of robbery, burglary, larceny and motor vehicle theft are counted. This means that a double murder occurring at the same time in the same location is treated as two murders but a robbery in which a store clerk and three customers are the victims is only counted as one robbery.

### 2.1. Reporting Methodology

The reporting method utilized in this report is Volume which represents the actual number of crime incidents reported in accordance with the UCR system. The volume of crime in a specific area is critical to strategic planning and identifying trends.

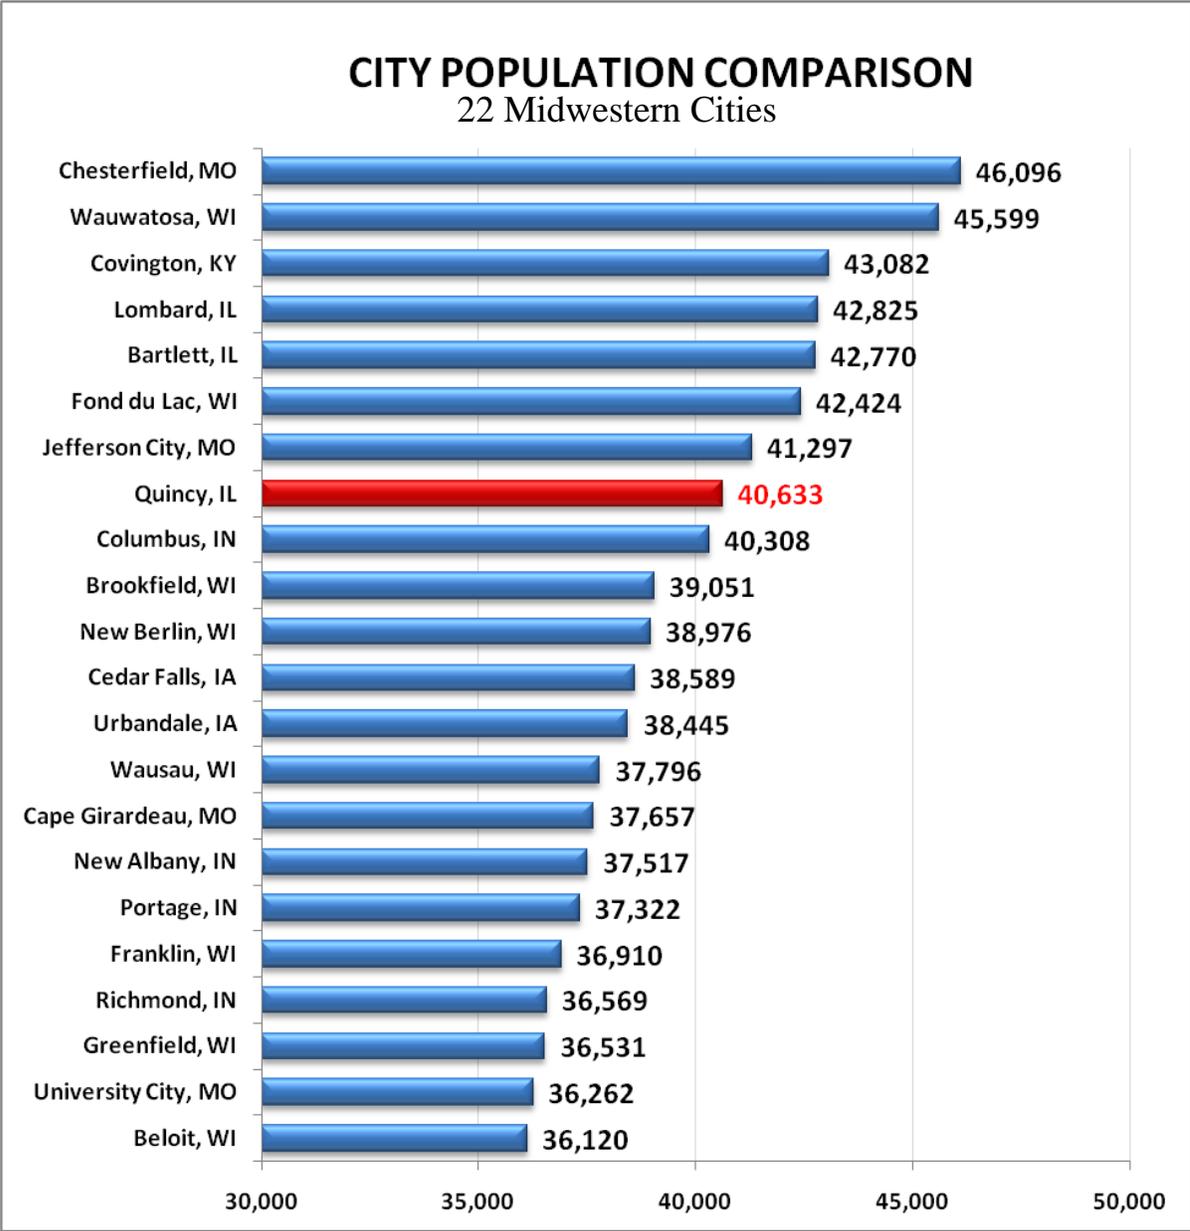

Since normally viewed comparisons for Crime utilizes Rate and are compiled and compared for populations of 100,000 or more residents, the statistical comparisons in this report will be by volume with cities comparable in size to Quincy. UCR information from a sampling of cities in the Midwest and, for some comparisons Illinois only, having a population between 36,000-46,000 residents was used in the comparison section of this report. This information was pulled from the information found on City-Data.com.

The comparison numbers being used, both nationally and for our department, are those reported for the calendar year 2009. To determine averages the following calculations were performed. National UCR totals were divided by taking the total population figure of 307,006,550 and dividing it by 1000 to come up with the total of 307,007 which is then used as the divisor to figure Rate from the nationally reported Volume. Comparable city size UCR totals were divided by 40 to figure Rate from the reported Volume. These calculations provided a per 1000 residents total. UCR reported numbers for 2010 will not be available until sometime late in the year of 2011. This follows with previous available reports being made public near the end of the year following the compilation year.

## Section Three: Crime In Comparative Cities

The City of Quincy was compared to 21 other similar sized Midwest communities that participate in the FBI's UCR System.

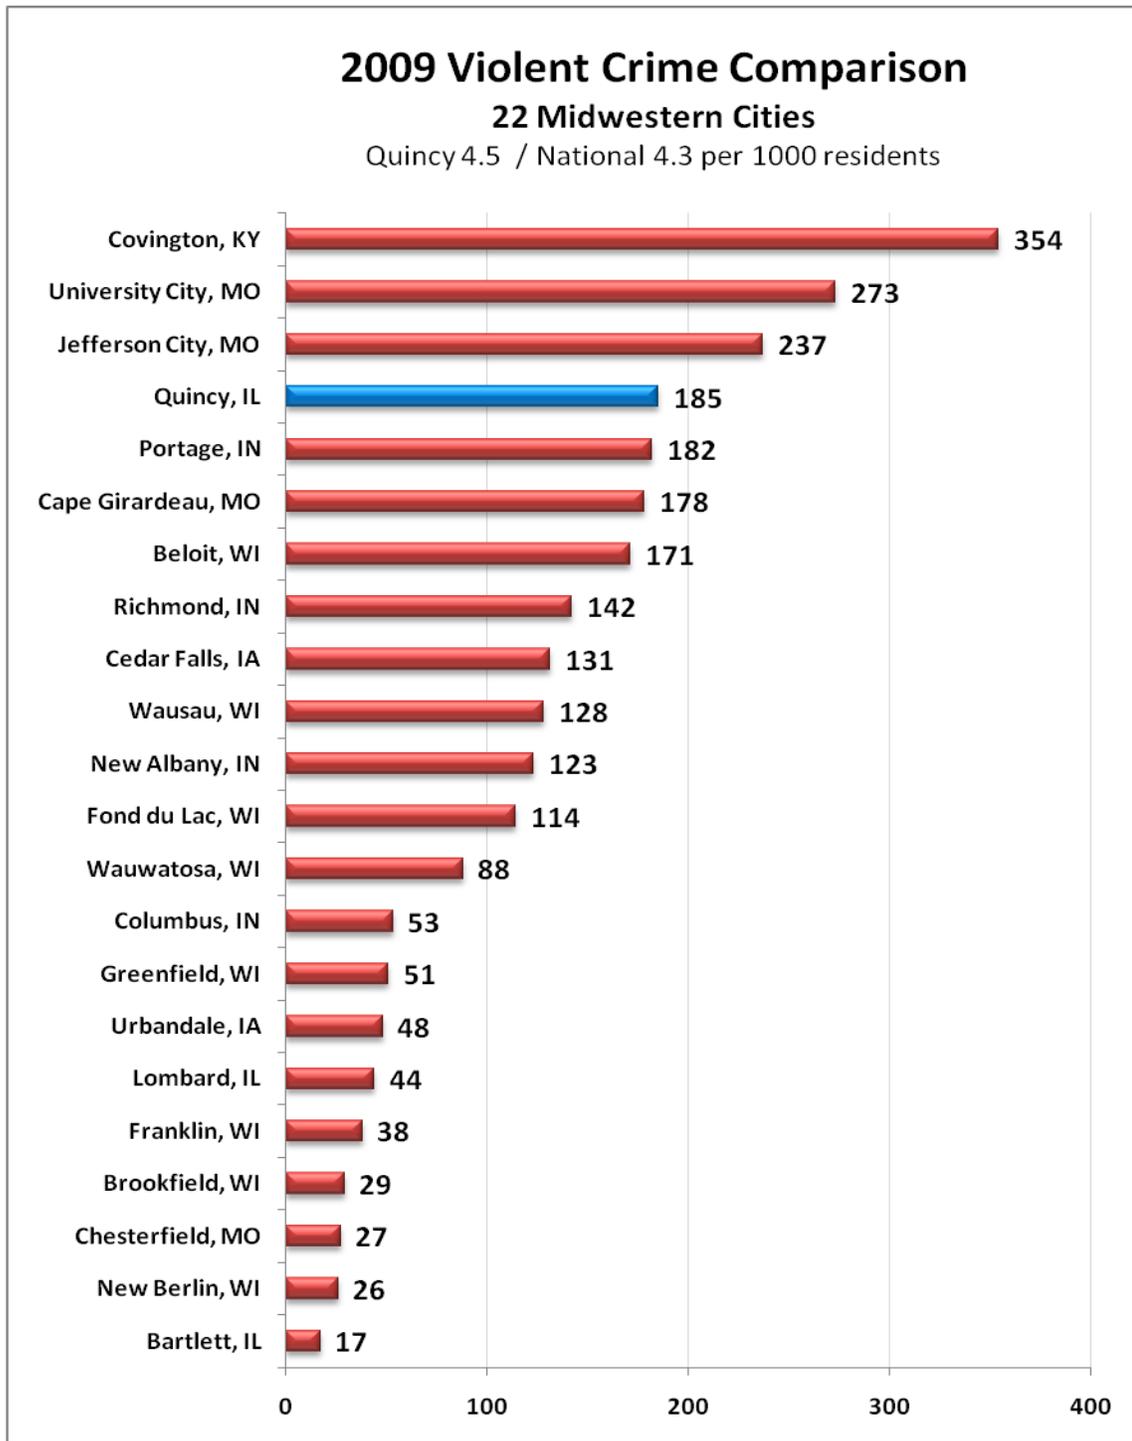

### 3.1. City Population Comparison (Midwest)

### 3.2. One Year View (2009) Crime Comparison

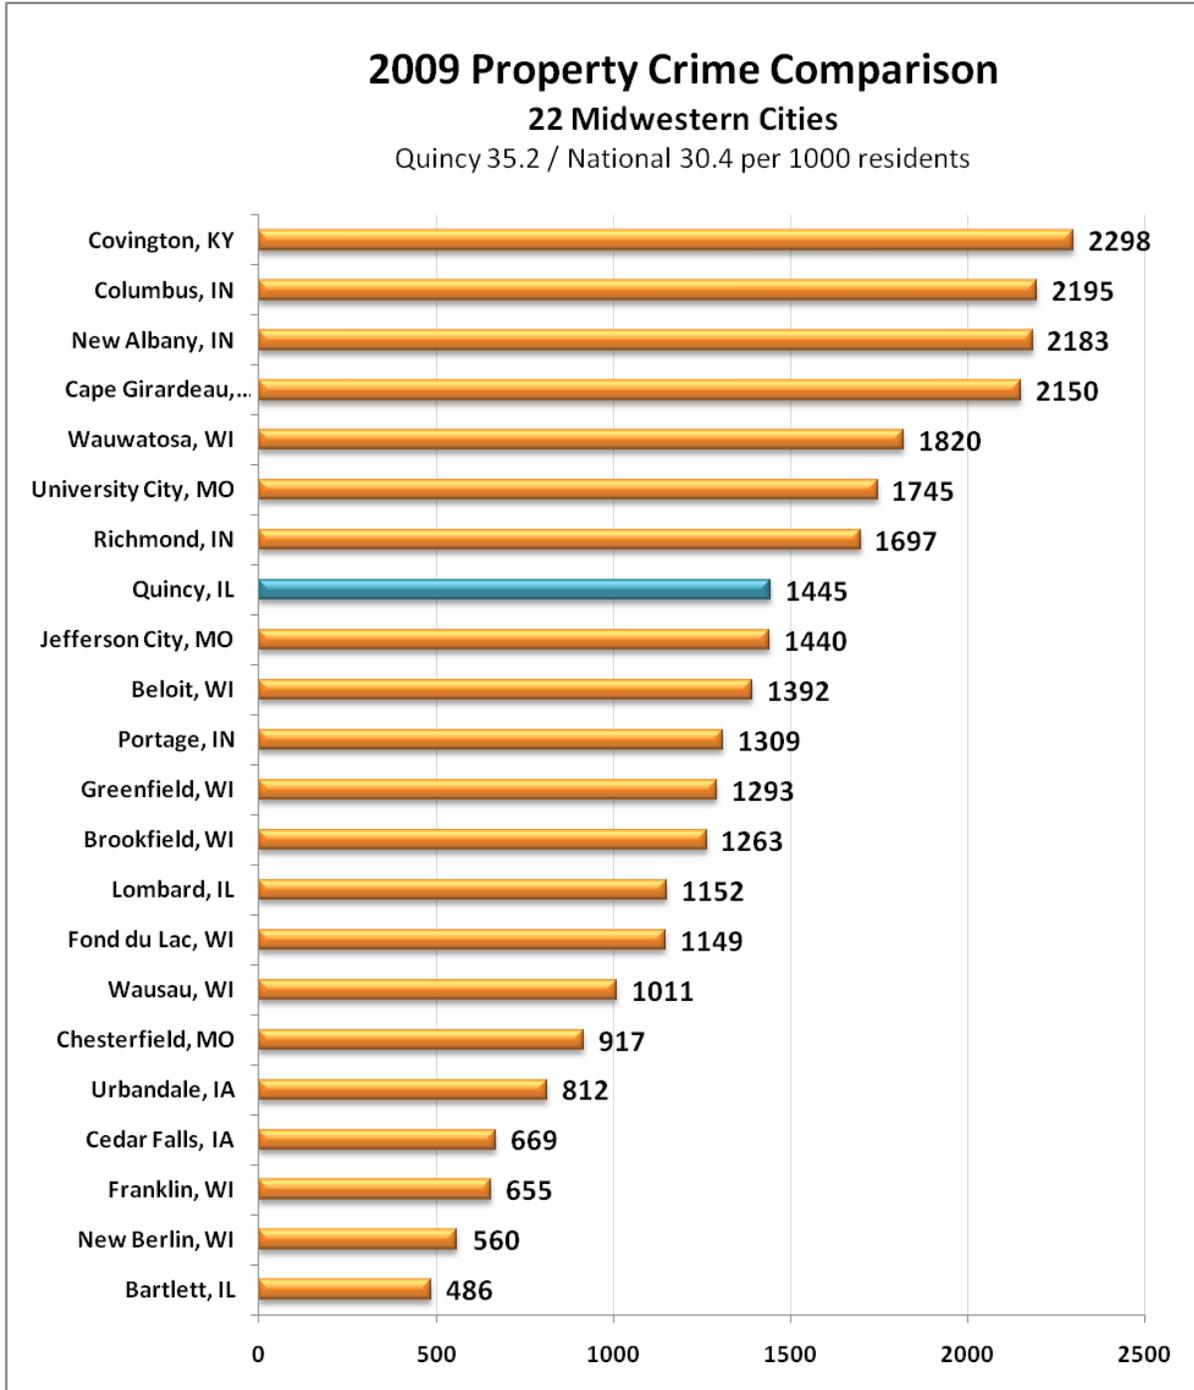

Reported Statistics that can be used for comparisons are normally made available one year after their reported compilation. In this case 2010 statistics will not be available until late 2011, so comparisons are done with 2009 statistical information.

#### 3.2.1. Violent Crimes Reported

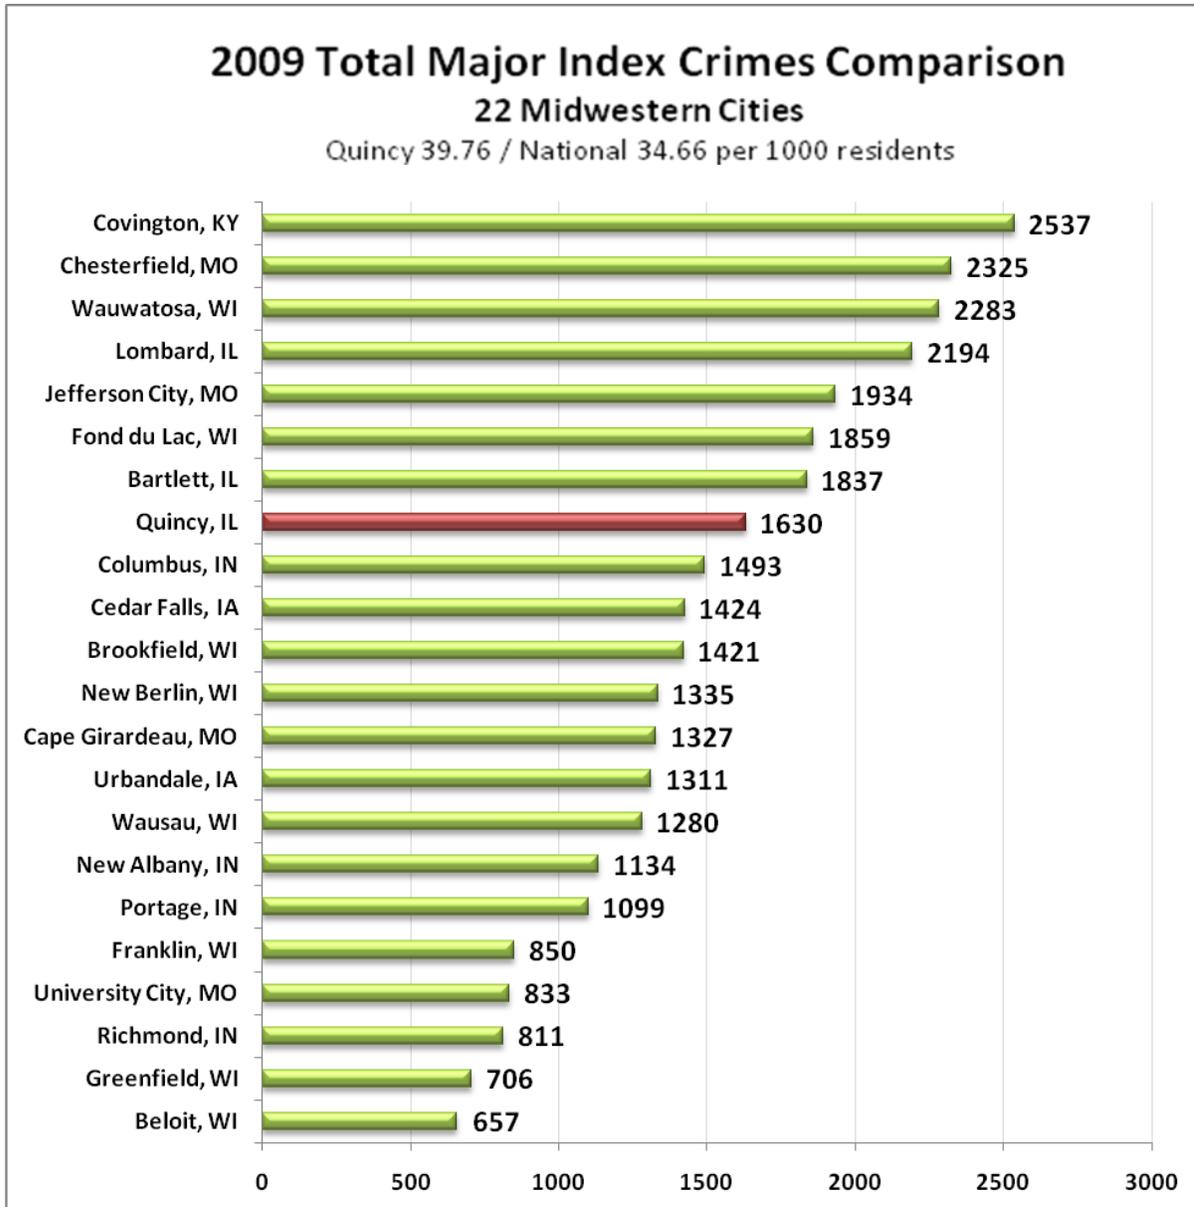

(Above information obtained from the FBI – 2009 Crime in the United States Report)

### 3.2.2. Property Crimes Reported

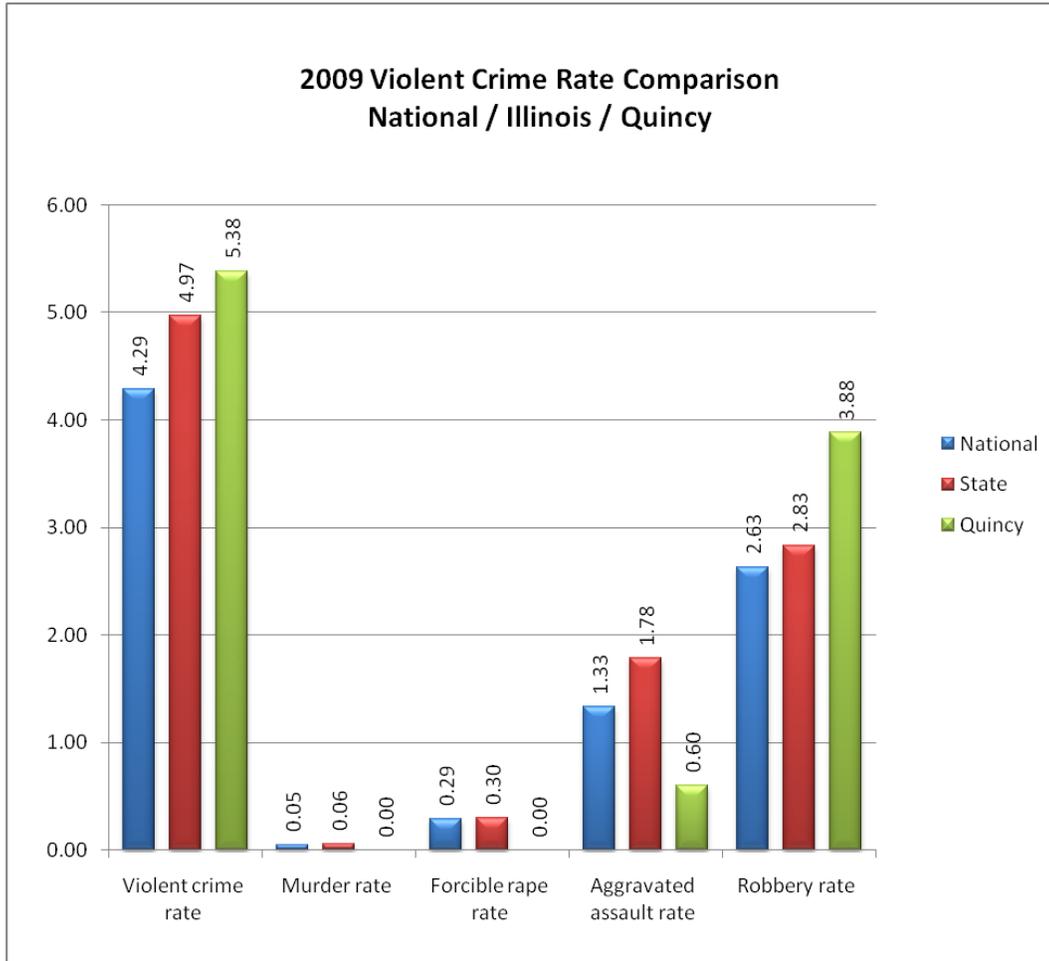

(Above information obtained from the FBI – 2009 Crime in the United States Report)

### 3.2.3. Total Major (Index) Crime Reported Nationally

(Above information obtained from the FBI – 2009 Crime in the United States Report)

### 3.2.4. Crime Rate Comparison National / State / City

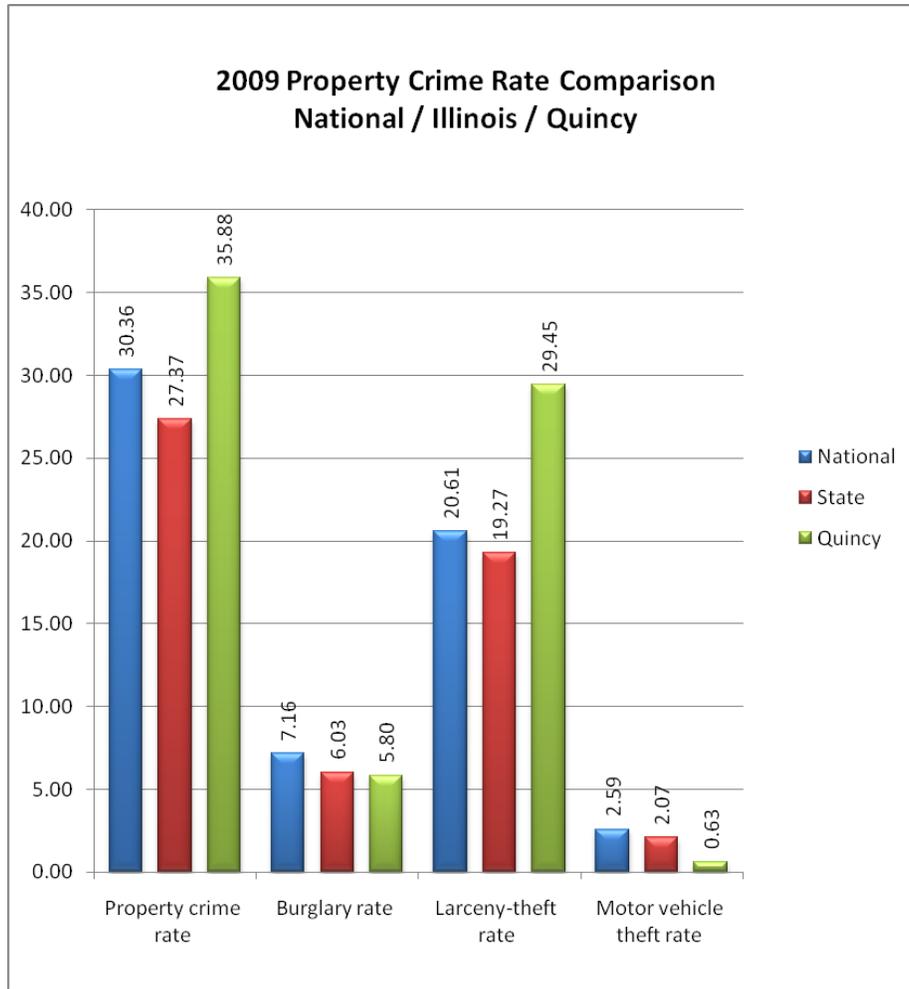

(Rates listed in the table below and in the chart above are Per 1000 Residents)

2009 Year	Total Violent Crime	Total Violent crime rate	Murder	Murder Rate	Forcible Rape	Forcible Rape Rate	Robbery	Robbery rate	Aggravated Assault / Battery	Aggravated Assault / Battery Rate
Nation	1,318,398	4.29	15,241	0.05	88,097	0.29	408,217	1.33	806,843	2.63
State	64,185	4.97	773	0.06	3,901	0.30	22,923	1.78	36,588	2.83
Quincy	215	5.38	0	0.00	0	0.00	24	0.60	155	3.88

**NOTE:** The above table and chart are based on the numbers as reported to and shown in the FBI’s “Crime in the US” Statistical Report.

The Quincy Police Department along with the State of Illinois track Criminal Sexual Offenses and although they include the offense of forcible rape they also include Criminal Sexual Assault Offenses, Aggravated Criminal Sexual Assault Offenses and Predatory Criminal Sexual Assault of a Child Offenses. These numbers are not included in the FBI’s “Crime in the US” report as they do not meet the specific FBI requirements for reporting as a Forcible Rape.

In 2009, there were 36 Criminal Sexual Offenses reported to and tracked by the Quincy Police. Reporting these numbers to the FBI would over state their reported results and crime rate for the category of Forcible Rape.

(Rates listed in the table below and in the chart above are Per 1000 Residents)

<b>2009</b> Year	<b>Property crime</b>	<i>Property crime rate</i>	Burglary	<i>Burglary rate</i>	Theft	<i>Theft rate</i>	Motor vehicle theft	<i>Motor vehicle theft rate</i>

## Section Four: City of Quincy Summary 2010

This section of the report provides the numbers compiled by the department for self reporting and for use in required reporting to other agencies or persons. Statistical numbers are compiled on a calendar year basis and not the fiscal year used by the City for other reporting. The intent of this section is to provide an overview of department activities for the calendar year 2010 and compare them to activities for calendar year 2009.

### 4.1. Calls for Service / Case File Numbers Issued

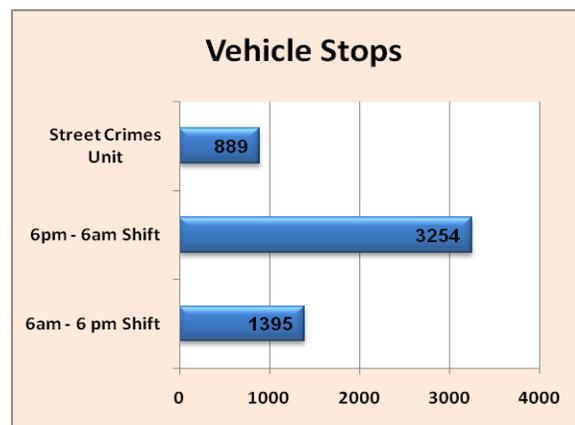

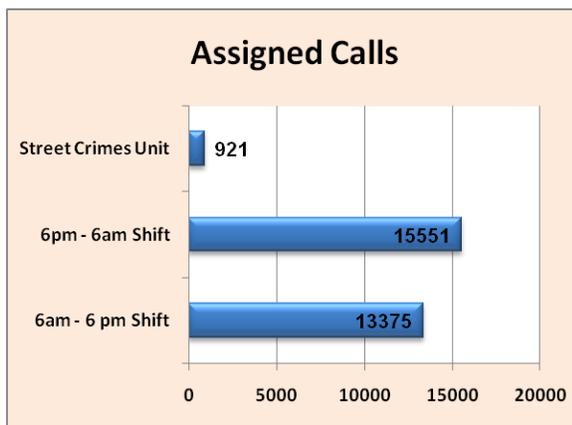

In 2010, the Adams County 911 Center received 126,221 calls which is a decrease of 1.03% from 2009 (127,540 calls). Of these 42,283 were emergency 9-1-1 and Alarm Line calls which is a decrease of 1.05% from 2009 (42,732 calls). From the total number of these emergency calls the Quincy Police Department was dispatched 38,059 times (62.61% of all 911 dispatches) a decrease of 1.05% (405) from 2009 (38,464 QPD dispatches). In addition in 2010, officers self-initiated action on 17,739 occasions, an increase of 68.32% (7200) over 2009 (10,539 officer self-initiated actions).

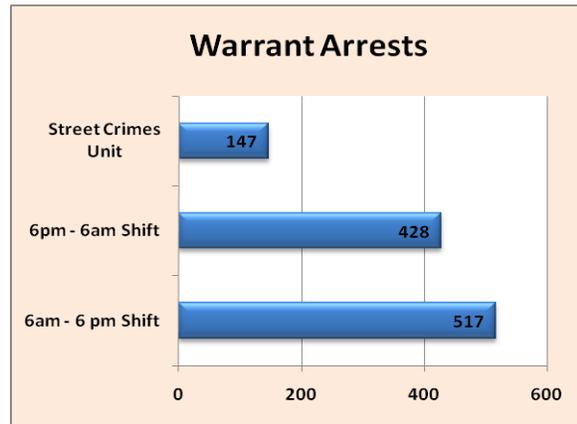

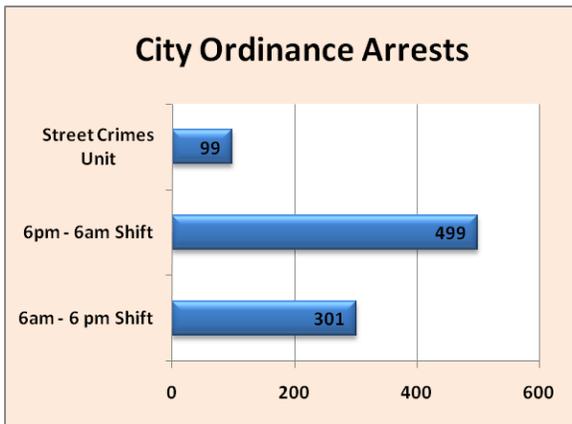

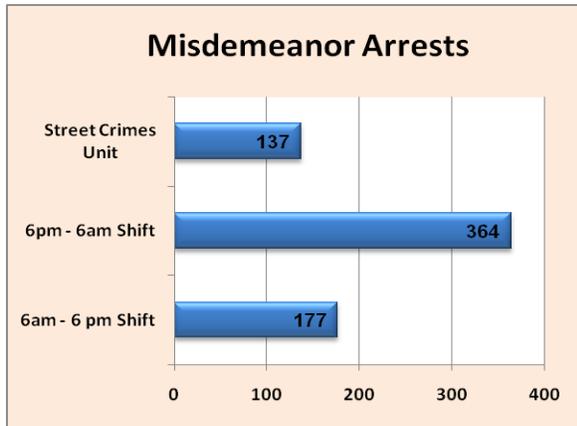

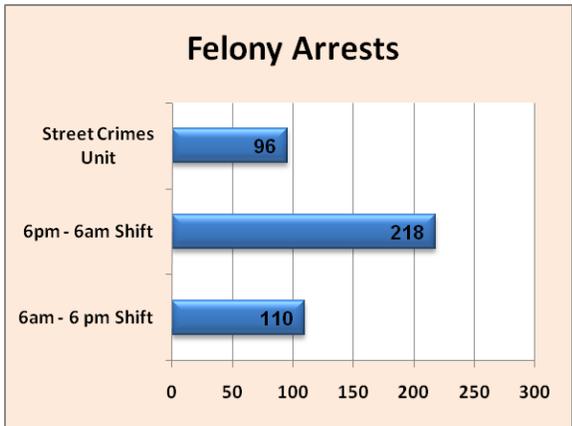

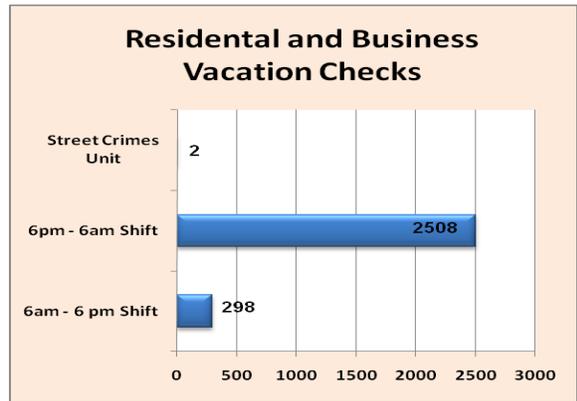

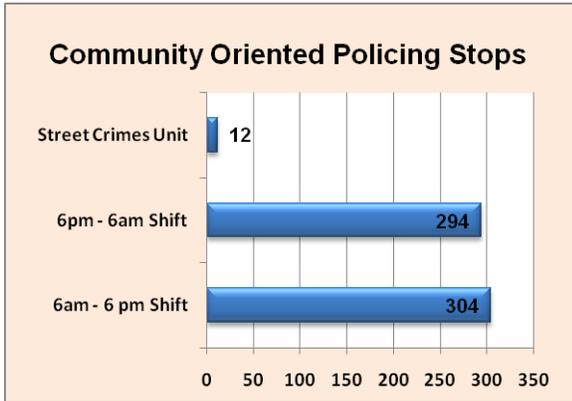

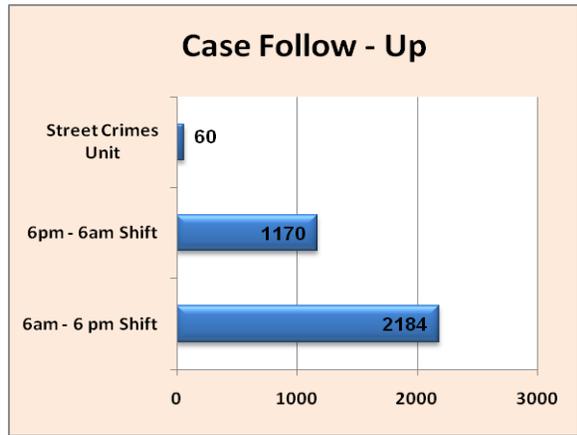

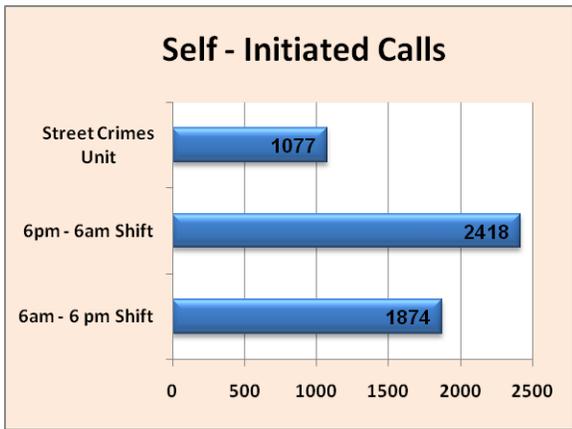

In 2010 the Quincy Police Department recorded 38,946 Case File Numbers being issued a decrease of 0.74% from 2009 (38,661 Case File Numbers issued). It should be noted that not all calls for service generate a Case File Number from which reports are filed.

	WORKLOAD 2010	WORKLOAD 2009	WORKLOAD IMPACT
Telephone Calls Received	126,221	127,540	
Calls Dispatched	38,059	38,464	
Officer Self-Initiated Action	17,739	10,539	An increase of
Total Workload	182,019	176,543	3.1%
CFN's Issued	38,946	38,661	

The Calls for Service numbers represent only those incidents where street officers were either dispatched to a call or where the street officer notified the 911 Center of their activity. They do not include incidents reported in other manners such as desk reports or teleserve. These would be reflected in the Case File Numbers issued.

### 4.2. Street Officer Activities by Shift / Unit for 2010

### 4.3. Assessment of Crime in Quincy

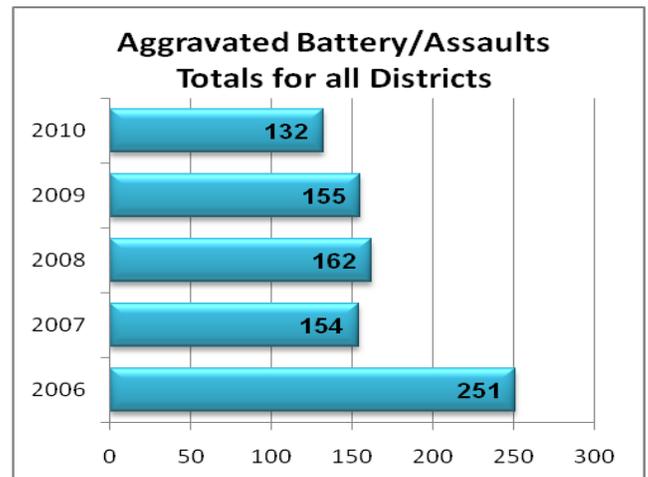

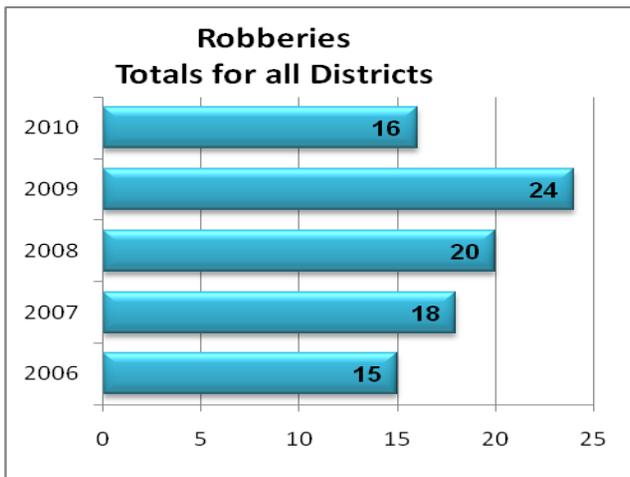

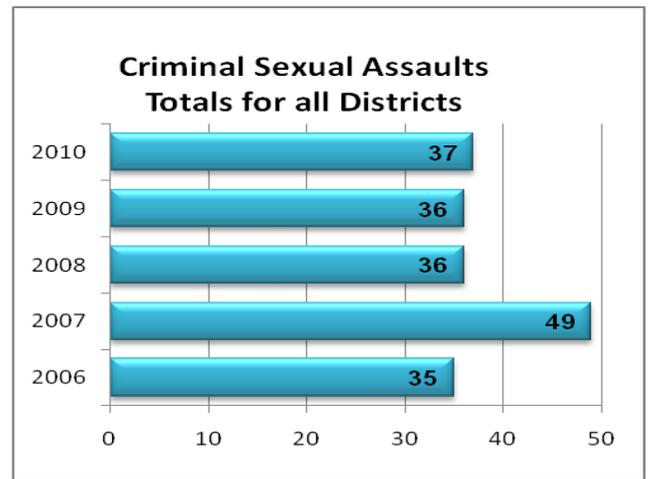

In this section of the report, the volumes of actual UCR crime incidents for 2006 through 2010 are compared.

#### 4.3.1. Violent Crime

Violent Crime	2010	2009	% Change
Murder	1	0	100.00
Criminal Sexual Assault	37	36	2.78
Robbery	16	24	-33.33
Aggravated Battery/Assault	132	155	-14.84
<b>Violent Crime Total</b>	<b>186</b>	<b>215</b>	<b>-13.49</b>

In 2010, the City of Quincy made progress in reducing crime in two of the four Violent Crime areas; resulting in an overall decrease of 13.49%.

The following charts compare the past four years (2006 – 2010) for each of the four listed categories in the above table for all police districts.

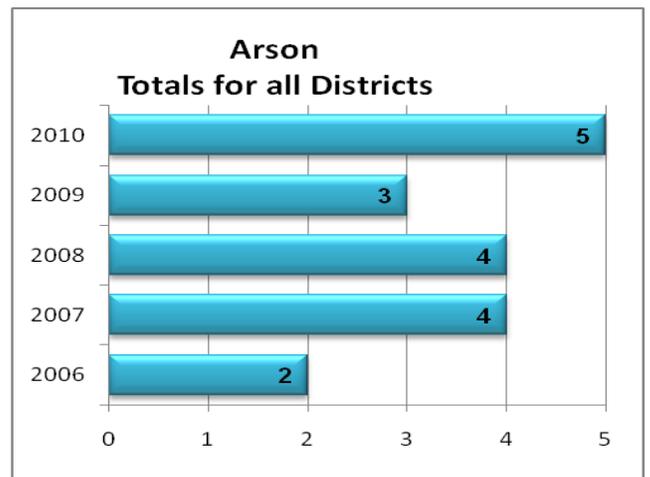

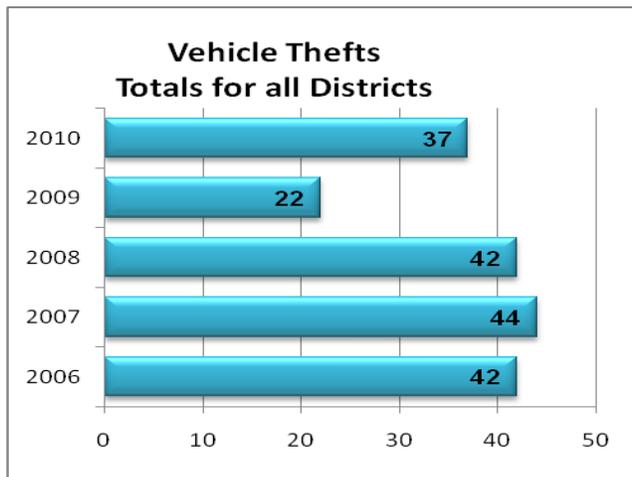

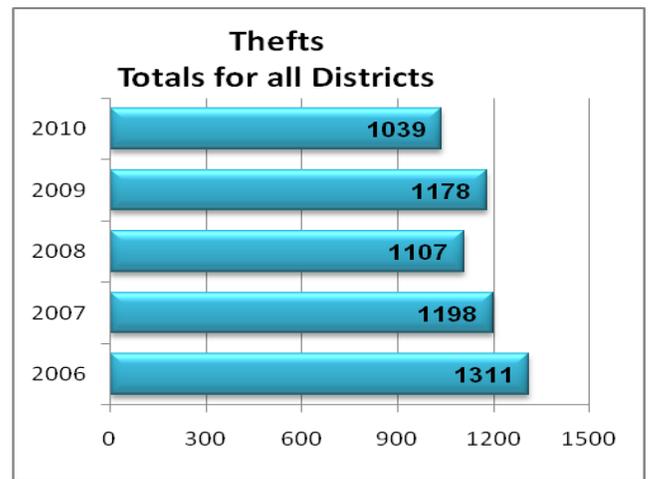

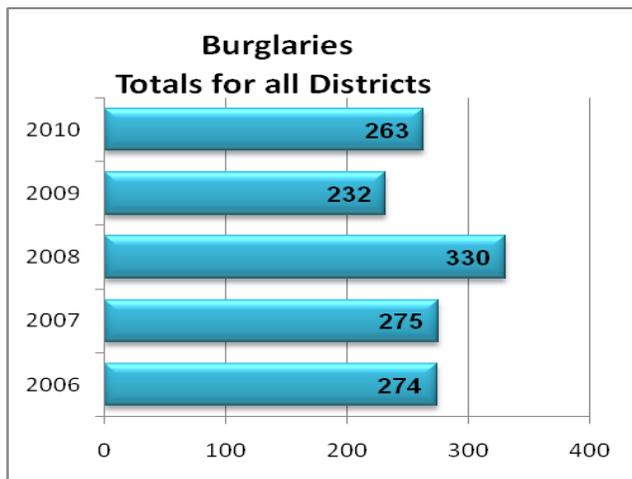

### 4.3.2. Property Crime

Property Crime	2010	2009	% Change
Burglaries	263	232	13.36
Thefts	1039	1178	-11.80

Arson	5	3	66.67
<b>Property Crime Total</b>	<b>1344</b>	<b>1438</b>	<b>-6.54</b>

In 2010, the City of Quincy reduced crime in one of the four Property Crime areas for an overall decrease of 3.03%.

The following charts compare the past four years (2006 – 2010) for each of the four listed categories in the above table for all police districts.

### 4.3.3. Total Major Crime

Total Major Crime	2010	2009	% Change
<b>Major Index Crime Total</b>	<b>1530</b>	<b>1653</b>	<b>-7.44%</b>

Total Major Crime, which combines UCR reported Violent and Property Crime, for the City of Quincy decreased by 7.44%. Overall, the total number of UCR reported index crimes fell by 123 from 1653 in 2009 to 1530 in 2010. Decreases occurred in the areas of Aggravated Battery / Assault and Thefts. Increases occurred in the areas of Murders, Criminal Sexual Assaults, Robberies, Burglaries, Motor Vehicle Thefts and Arson. The table on the next page shows a more detailed reporting comparison of Index Crimes for the City of Quincy.

*The following three pages show the reasons these employees were awarded Employee of the Month.*

#### January 2010

**Detective Cathy Martin** was nominated for Employee of the Month due to her performance as a negotiator in a hostage/barricade incident. On the morning of 11-19-09, the Adams County Sheriff's Department responded to a mentally deranged, suicidal subject with a possible hostage, who was barricaded in a residence north of Quincy. In her role as hostage negotiator, Detective Martin responded to assist the Sheriff's Department after their communications with the suspect stalled. Utilizing her training and experience, Detective Martin was able to reopen negotiations with the suspect and arranged for the alleged hostage to leave the premises. Detective Martin continued to converse with the suspect and according to Sheriff Fischer was instrumental in arranging for the surrender of the suspect. Detective Martin's calm, cool demeanor during this stressful situation brought about a safe end to the situation.

#### February 2010

**Officer Mike Tyler** was nominated for Employee of the Month due to his actions on the night of January 23rd, 2010. Officer Tyler saw a vehicle driving erratically in the area of 7th & Monroe and initiated a traffic stop. Upon contact with the driver, he immediately recognized the driver was under the influence of a controlled substance. Aware that the subject had just served approximately eight years in federal prison for meth manufacturing and delivery, he called for assistance from Officer Jeff Baird and K9 "Max". During the search of the vehicle, numerous components of a mobile meth lab were discovered, including several jars of liquid methamphetamine that had not yet been bubbled off. The subject was taken into custody and brought to headquarters to be interviewed. Officer Tyler, with assistance from West Central Illinois Task Force inspectors, conducted an interview that yielded a full videotaped confession. The subject admitted he had been cooking meth earlier that day in Carthage (IL) and that he still had a 100 pound anhydrous ammonia tank there. The tank, as well as other items used to manufacture meth, was later seized by task force inspectors. Due to the great work of Officer Tyler, a dangerous methamphetamine cooker will be looking at 40 years to life in the federal prison system.

#### March 2010

**Officer J.D. Summers** was nominated for Employee of the Month due to his actions on January 19th, 2010. Officer J.D. Summers received information in reference to an incident of felony criminal damage to a vehicle previously reported to Officer Curtis Werries. Officer Summers interviewed seven juveniles from both Quincy Notre Dame High School and Quincy Senior High School from which he learned the nickname of the suspect. After further investigation, Officer Summers was able to identify the true identity of the suspect and was able to obtain a confession from him in reference to the felony criminal damage.

#### April 2010

**None**

#### May 2010

**Officers Adam Gibson, Jeff Nevin, Paul Hodges and Ryan Witt** were nominated for Employee of the Month due to their great work on a case which led to an arrest for aggravated criminal sexual abuse. The investigation began on April 11, 2010 when a juvenile came to headquarters wishing to speak with an officer about an adult furnishing drugs to juveniles and having inappropriate sexual contact with a juvenile. Officer Gibson, who was assigned to speak with the juvenile, did an excellent job investigating the case and was able to obtain a search warrant for the residence. During his investigation he learned that the suspect had a handgun in the residence which the juvenile felt was indirectly used to intimate him to be quiet about his contact with the suspect.

*continued*

On April 12, 2010 officers went to the residence to serve a search warrant. Officer Ryan Witt was stationed at the front window while Officers Adam Gibson, Jeff Nevin and Paul Hodges went to the front door, with Officer Nevin carrying a battering ram. The initial plan was to knock on the front door in hopes that the suspect would answer the door. When Officer Gibson knocked on the front door, Officer Witt saw the suspect go to a drawer to remove a handgun. Officer Witt gave the other officers this information at which point they used the battering ram on the front door. Just prior to the door breach, Officer Witt knocked out the front window and announced himself as the police to the suspect, due to the suspect walking toward the door with the handgun. When the door was breached, the suspect quickly put the gun down and was taken into custody.

With the involvement of a firearm the suspect created a very dangerous situation that could have had tragic consequences, but due to the team work of these officers a dangerous situation was avoided and no one was hurt. The suspect's apprehension and arrest for aggravated criminal sexual abuse will prevent future harm to other juvenile victims.

### *June 2010*

**Officers Ryan Witt and Kyle Hatch** was nominated for Employee of the Month for their action on May 9th, when they responded to a disturbance call at the Days Inn. Upon arrival, they found an unresponsive female in the room. Officer Witt evaluated her and quickly called for EMS and instructed Officer Hatch to get an AED from one of their squad cars. When the AED advised no shock to be given they began and continued CPR until EMS arrived by which time the female developed a pulse.

While the female ultimately died from a brain aneurism, she remained alive in the ICU for several days while her family was able to travel from out of town to see her before her death. Officer Witt and Hatch's quick action gave a family a little more time with their loved one.

### *July 2010*

**Officer Craig Hufford** was nominated for Employee of the Month due to his life saving actions while off-duty on the Mississippi River on May 21, 2010. That afternoon Officer Hufford was fishing with family and friends on a boat in the Mississippi River below Lock and Dam 21. Due to high water, the gates on the dam were open. Officer Hufford and the others on his 24 foot pontoon boat were on the Missouri side of the river when they saw a man in a life jacket floating in the river that had just gone through the open gates. They could tell the man was in trouble, so they took up the anchor and went to retrieve him. After rescuing the man, they were told that he was thrown from a "tube" and that he was "the only one". The man had a large laceration above his right eye, but was otherwise ok. Officer Hufford took the boat back toward the west shore of the river to see if they could see a boat above the dam. They then spotted another man in the water hanging onto the dam. He was having trouble hanging on due to the force of the water coming through the gate.

Officer Hufford knew that he could not get his pontoon boat in close enough to save the man. He flagged down a flat boat and took the passengers from that boat onto his. The two men in the flat boat were able to get closer to the man clinging to the dam. They threw him a ski belt and pulled him to safety. During this time, Officer Hufford called Adams County 9-1-1 and summoned on-duty emergency personnel to the scene. If it were not for Officer Hufford seeing the man in distress and going back to look for others, even though he was told there was no one else, two men might have perished in the Mississippi River that day.

### August 2010

**Officers Amber Derhake and Ben Powell** were nominated for Employee of the Month for their actions taken on July 8, 2010. Officer Derhake has taken a missing person report from the management of the New Start Rescue Mission. Two persons from the mission took a truck belonging to the mission to the Carthage/Warsaw area on July 7th, and had not returned. They called the mission that evening indicating they would not be able to make it back due to bad storms in the area. Officer Derhake's exhaustive follow up determined that no contact had been made with them since they left Quincy. The case took on a new complexion when Officer Derhake also determined that one of the subjects had an extensive criminal history which included theft and robbery.

As the investigation progressed information was obtained from one subject's grandmother indicating he was in the Dallas City area working. Due to Officer Derhake's unavailability, Officer Powell was asked to follow-up on this information. Officer Powell determined that both subjects had been staying in a hotel in Oquawka, Illinois. The missing truck had been spotted there as well. Officer Powell immediately went to the State's Attorney's office and obtained arrest warrants for both subjects for Possession of a Stolen Motor Vehicle and Theft over \$300. A parole violation warrant was also issued for one of them.

This was a prime example of how diligent investigation and teamwork can yield great results. Officer Derhake spent a lot of time conducting the initial investigation over the course of several days working several different angles until all leads had been exhausted. Officer Powell then stepped up when additional follow-up was immediately necessary and Officer Derhake was not available to do it. This coordinated effort made it possible to establish what had happened and bring this case to a resolution.

### September 2010

**Officers Mike Giles and Nick Hiland** were nominated for Employee of the Month due to an arrest which led to the seizure of 70 grams of crack cocaine and a firearm. On the afternoon of August 18, 2010 the officers were conducting surveillance at the Amtrak train station due to recent information that subjects were again using the train to transport illegal narcotics to Quincy from Chicago. They observed a female and small child get off the train with very little luggage. The female saw the police at the train station and became very nervous. She continued to watch the officers while talking on a cell phone. A local resident arrived in a vehicle to pick up the woman and child. The driver was recognized as someone recently identified in the distribution of crack cocaine and the housing of Chicago gang members in Quincy. The officers conducted a traffic stop and consent to search was granted. Approximately 60 grams of crack cocaine was seized. The local female ultimately gave consent to search her residence and another 10 grams of crack was seized along with a firearm. This activity is directly tied to the ongoing local crack cocaine sales of the Black P Stones from Chicago. The great work by these two officers helped to hamper the flow of crack in our community and has taken another firearm off our streets.

### October 2010

**Officers Adam Gibson, Mike Giles, Nick Hiland, Amber Derhake, and Inspector Bryan Martin** were nominated for Employee of the Month for action taken by them during the month of August 2010, Officers Gibson, Giles, Hiland, Derhake, and Inspector Martin began an investigation on several members of the Black P Stone Nation. During the investigation, officers were able to cultivate several confidential sources and gain information about the P Stone's method of operation. On August 25th, after receiving information from the confidential sources officers made a traffic stop upon which a subject was taken into custody. During his detention, a search warrant was obtained for the subject's person and upon service of this warrant, 22 grams of crack cocaine was recovered.

*continued*

The Black P Stone Nation that has been trafficking a lot of crack cocaine to Quincy and this subject has been one of their key members locally. The arrested subject was one of the pivotal subjects involved in the violent summer of 2008 in Quincy and was recently released from Illinois Department of Corrections. Due to several different components of the Quincy Police Department working together, a career criminal is back off of the streets.

November 2010

**Employees Jan Achelpohl and Emily Sandrock** were nominated for Employee of the Month for their help in the transitioning from the old police department evidence system to the new BEAST bar coding evidence system in the beginning of 2010. The Sexual Assault Evidence Submission Act went into effect in October, which required every Illinois law enforcement agency to submit an inventory to the Illinois State Police of all previously un-submitted sex cases. The result of this act was that Jan Achelpohl and Emily Sandrock had to examine the evidence and documentation of every single sex abuse or assault case in the possession of the Quincy Police Department. This was a huge undertaking involving hundreds of cases and reports. . To accomplish this task, Jan and Emily put in long hours and handled the often tedious and frustrating work with dedication and professionalism.

December 2010

Officers Ryan Witt, Paul Hodges, and Jeff Nevin were nominated for Employee of the Month due to their efforts in dealing with a suicidal subject on November 1, 2010. On that date officers responded to a call of a 17 year old refusing to go with his father. Upon their arrival, it was quickly learned that the young male locked himself in his truck, was in possession of a .22 caliber rifle, and was threatening suicide. Over the next two hours, Officers Witt and Hodges spoke with the subject in hopes that he would not harm himself and would eventually surrender. Near the end of the incident Officer Nevin, a hostage negotiator, assisted Officers Witt and Hodges. The three demonstrated great patience while dealing with this subject, who ultimately surrendered and was taken to Blessing Hospital for psychiatric evaluation.

**Employee of the Year is chosen from those who were selected as Employee of the Month**
