Police Department Annual Report 2014

Quincy Police Department
110 South 8th Street
Quincy, Illinois 62301

Robert A. Copley
Chief of Police

Douglas VanderMaiden
Deputy Chief - Operations

Dennis E. Bingheim
Deputy Chief – Administrative Services

Report created by:
Susan Vahlkamp, Records Supervisor / James Cress, Retired Planning and Research Officer

Message From The Chief

To: The Citizens of Quincy, Mayor Kyle Moore,
Members of the City Council, and the Board of
Fire and Police Commissioners

To: The Citizens of Quincy, Mayor Kyle Moore,
Members of the City Council, and the Board of
Fire and Police Commissioners

On behalf of the men and women of the Quincy Police Department it is my pleasure to present to you our 2014-2015 Annual Report. We continue to strive to better serve the citizens of the City of Quincy in a more effective and efficient manner. You will find that while the narrative of this report spans the fiscal year, many of the statistics do not. Some of the statistics cited in this report compare calendar year 2014 to calendar year 2013. The reason being that many of the crime statistics for the first quarter of 2014 will not be available for some time. So as to keep this report timely, we will not compare those statistics by the fiscal year.

Calls for service decreased 4.13% (35,426 in 2013 to 33,721 in 2014). Self initiated activity decreased by 577 or 6.04% (9,560 in 2013 to 8,983 in 2014). For the second year in a row the overall Index Crime totals for Quincy increased. The overall increase was 2.44% (1519 to 1556). Violent Crime decreased by 1.55% (193 to 190). Property Crime was up 3.33% (1322 to 1366). The following lists the changes in the various Index Crime categories between 2013 and 2014. Criminal Homicide was up 100.00% from 1 to 2, Forcible Rape was down 14.29% from 28 to 24, Robbery was down 31.58% from 19 to 13, and Aggravated Battery/Assault was up 4.14% from 145 to 151. Other changes were Burglary was up 1.74% from 230 to 234, Thefts were up 5.40% from 1038 to 1094, Motor Vehicle Thefts were down 30.00% from 50 to 35, and Arson was down 62.50% from 8 to 3.

We continued our traffic safety efforts in conjunction with the Illinois State Police and the Adams County Sheriff's Department. Our traffic safety program continues to be greatly enhanced by the IDOT grant funding. Our traffic citations increased 0.64% (3,591 to 3,906) and traffic warnings decreased 10.28% (4,289 to 3,848). Seatbelt use has reached its highest at 94.80%. Unfortunately, our number of traffic crashes increased 4.08% (1,177 to 1,225). Total injuries from traffic crashes decreased 27.78% (270 to 195). Traffic fatalities decreased 66.67% (3 to 1). DUI and speed related accidents are both up, 36.84% and 2.08% respectively.

We also continue to fight the scourge of illicit drug use in our community. Our efforts in this area are varied. While our patrol officers are the front line, a tremendous effort is put forth behind the scenes with our officers in the Street Crimes Unit and the West Central Illinois (Drug) Task Force. Working hand in hand with the Illinois State Police and the Adams County Sheriff's Department, we continue to put forth great efforts on this front. Although Meth and Cannabis remain our largest challenges, we again saw increases in pharmaceutical/designer drug abuse and Heroin.

I would like to thank everyone for the great support received this past year. I especially wish to thank the members of the Quincy Police Department; if not for their hard work and dedication, we would not be the department that we are today.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Copley', written over a red horizontal line.

Robert A. Copley, Chief of Police

Section One: Introduction

1.1. City Population 40,915 (U.S. Census Quick Facts for 2013)

TOC1_1

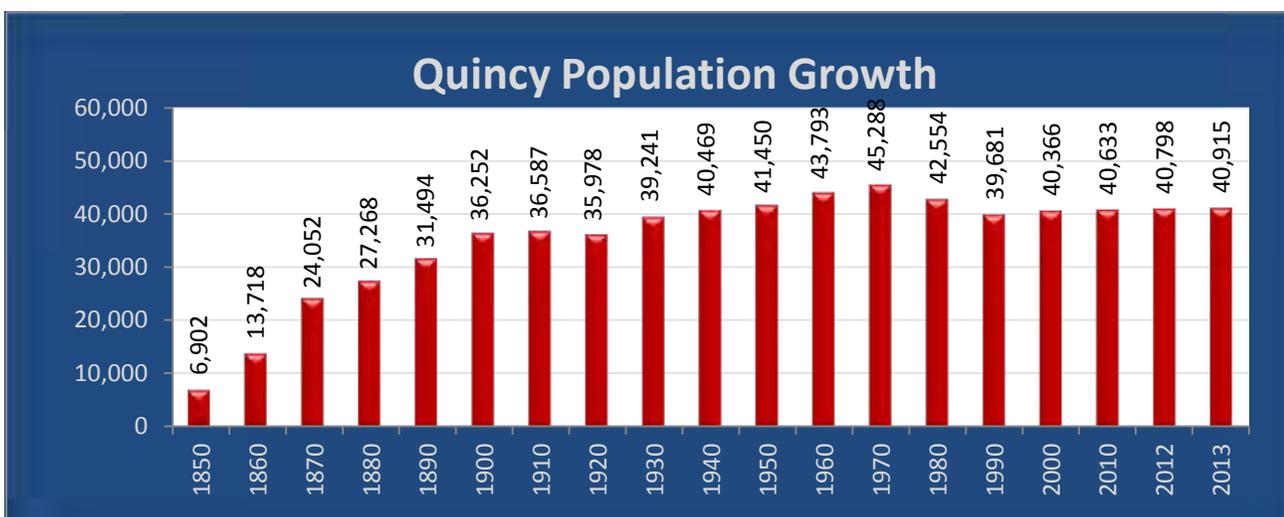

Since 1970, when Quincy's population was at its highest of 45,288, the population of the city has slowly declined to a point where it has stayed relatively steady since 1990. U.S. Census Quick Facts reports the population of the city at 40,915 in 2013 which is an increase of 165 from the 2010 U.S. Census report of 40,633. Of the 1364 Cities in Illinois, Quincy is ranked as the 40th-most populous.

The land mass of Quincy is reported as being 15.91 square miles in 2010 with an approximate total of 270 street miles. There are approximately 2791 people per square mile, 15,352 homes/condos and 4,997 renter occupied apartments in the city. The police department has divided the city into five policing districts, three to the West of the dividing line which is 18th street and two to the East.

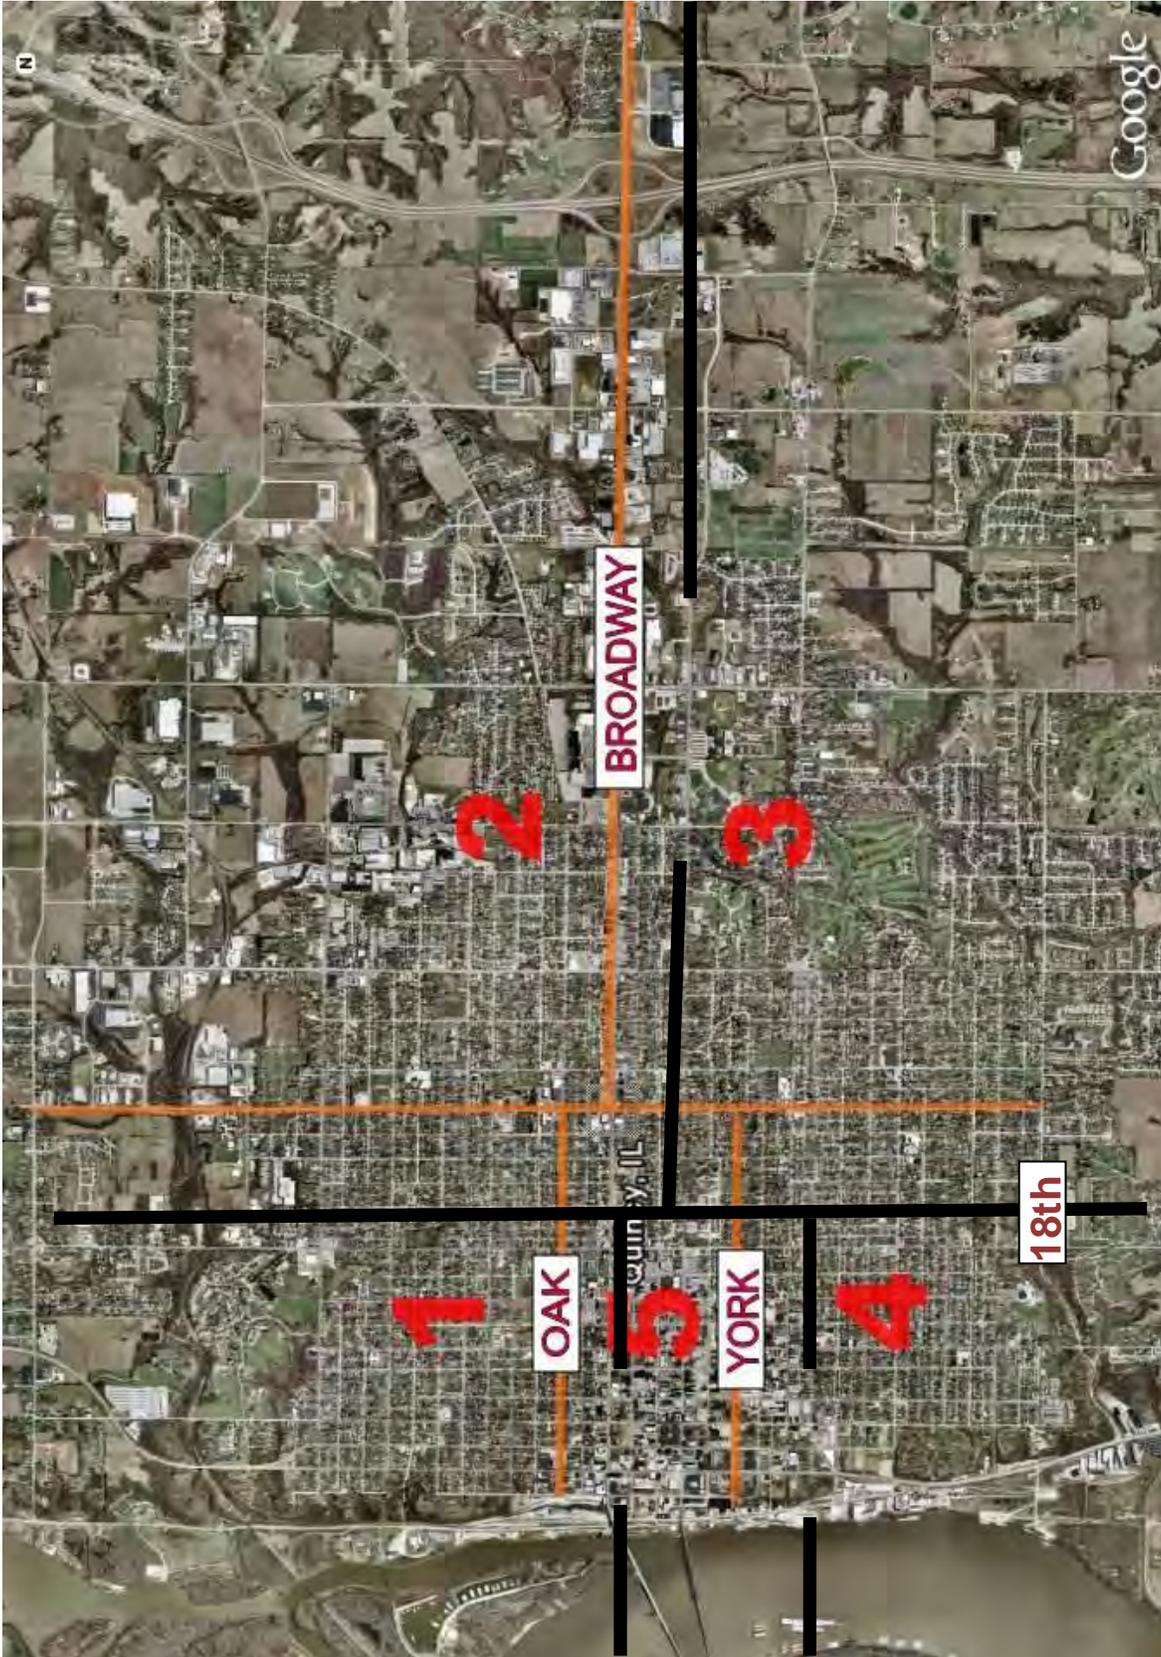

In fiscal year 2014-2015, the Quincy Police Department was budgeted to have 75 sworn officers; however, through most of the year the department was staffed at 71. Of these 71 officers, 17 hold a ranking position of sergeant or above, two officers were in administrative support positions, 41 were street patrol officers, five were juvenile or criminal detectives, one was a drug task force investigator, three were School Resource Officers, one was an Elder Service officer, one was a Quincy Housing Authority officer, and one was a ProAct officer. According to last FBI report done in 2009, the police per capita at the National level was 2.44 per 1000, at the Illinois level it was 2.86 officers and at the Quincy level (71 officers) it was 1.8 officers.

Taking into account that the population of Quincy is 40,915 (40.915 for 1000 resident calculation) and using the number of Quincy police officers assigned to street patrol (41), who are the ones who respond to the overwhelming majority of calls for service, the per capita of street officers per 1000 residents is 1.03 officers. The per capita of police to 1000 residents using the number of police officers on the department (71) is 1.83 per 1000 residents.

Taking this to a 12 hour shift level staffed at full manpower (9) the per capita of street officers per 1000 residents' drops to .22 officers or each street officer working shift is responsible for 4533 residents. These numbers are based on residency population and do not take into account that on any given day Quincy's population can greatly increase, especially when you factor in the number of people coming into Quincy to attend school, shop, do business, attend local events or visit.

The population numbers above were obtained from the U.S. Census Bureau

POLICE PATROL DISTRICTS

1.2. Quincy Police Department Demographics

TOC1_2

Mission Statement of The Quincy Police Department

*“As members of the Quincy Police
Department, it is our mission and duty to
serve the citizens of our community and to
protect all life and property; to apply the
law fairly, ethically and equally to all; and
to work in concert with the citizens of our
community to improve
Quality of Life.”*

Section Two: Uniform Crime Reporting System (UCR)

TOC2

The Federal Bureau of Investigation (FBI) annually publishes the “Crime in the US” report. The report relies on data collected and reported by participating agencies. Unfortunately, the State of Illinois does not report its law enforcement agencies UCR information to the FBI.

The Quincy Police Department voluntarily participates in the State of Illinois UCR system. For the purposes of this report, the focus will be on the seven major crimes reported in UCR. For reporting purposes, the seven major crimes are categorized into two groups: Violent Crime (including Murder, Criminal Sexual Assault, Aggravated Assault/Battery and Robbery) and Property Crime (including Burglary, Theft and Motor Vehicle Theft). The Total Major Crime or Index Crime is an aggregate of the total Violent Crime and Property Crime, providing an overall view of major crime in an area.

The UCR system counts each victim of murder, sexual assault and aggravated assault/battery as an individual crime occurrence, whereas only incidents of robbery, burglary, larceny and motor vehicle theft are counted. This means that a double murder occurring at the same time in the same location is treated as two murders but a robbery in which a store clerk and three customers are the victims is only counted as one robbery.

2.1. Reporting Methodology

TOC2_1

The reporting method utilized in this report is Volume which represents the actual number of crime incidents reported in accordance with the UCR system. The volume of crime in a specific area is critical to strategic planning and identifying trends.

Since normally viewed comparisons for Crime utilizes Rate and are compiled and compared for populations of 100,000 or more residents, the statistical comparisons in this report will be by volume with cities comparable in size to Quincy. UCR information from a sampling of Illinois cities having a population between 31,000 and 43,000 residents was used in the comparison section of this report. This information was pulled from the information found in the FBI’s Crime Report for 2013 and the Illinois State Police 2013 Crime in Illinois Report.

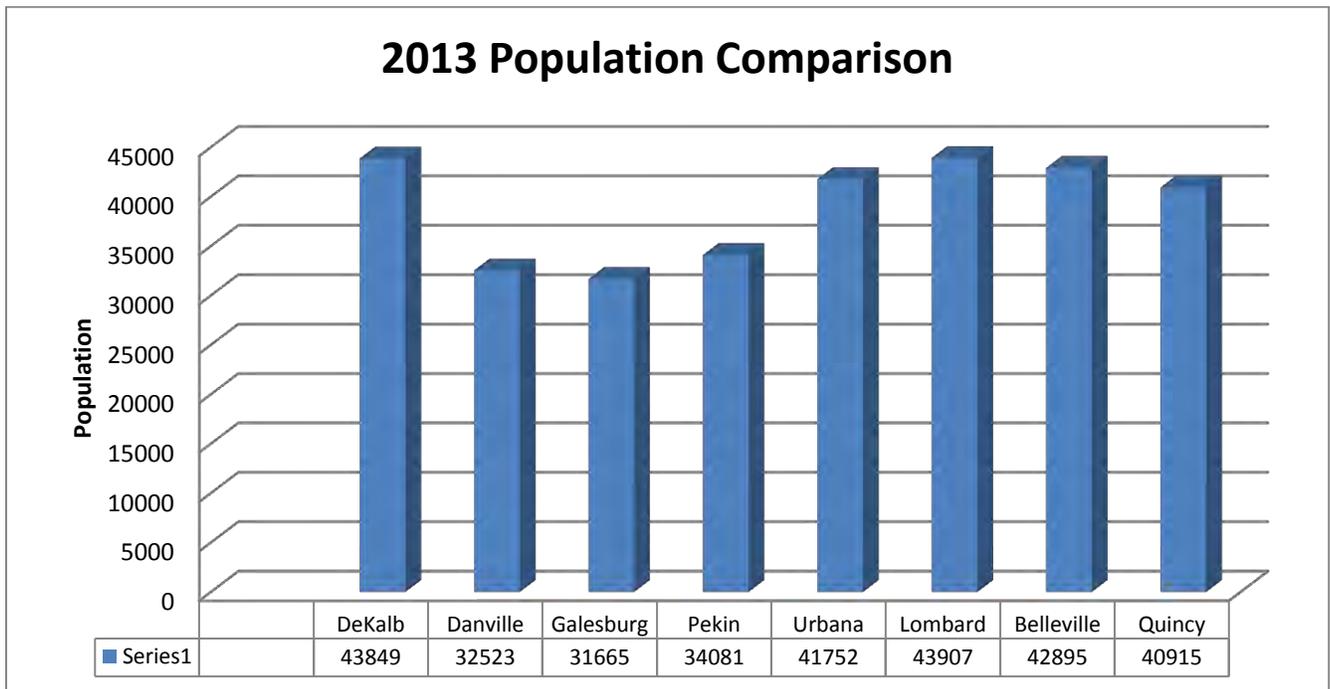

The comparison numbers being used, both nationally and for our department, are those reported for the calendar year 2013. To determine averages the following calculations were performed. National UCR totals were divided by taking the total population figure and dividing it by 1000 to come up with the per 1000 population total which is then used as the divisor to figure the Crime Rate from the nationally reported Volume. The same was done using those corresponding figures for the State and those Illinois cities comparable in size to Quincy. UCR reported numbers for 2013 will not be available until sometime late in the year of 2014. This follows with previous available reports being made public near the end of the year following the compilation year.

Section Three: Crime In Comparative Sized Illinois Cities

The City of Quincy was compared to 10 other similar sized Illinois communities that participate in the FBI's UCR System.

3.1. City Population Comparison

TOC3_1

(Population numbers taken from US Census information for 2013.)

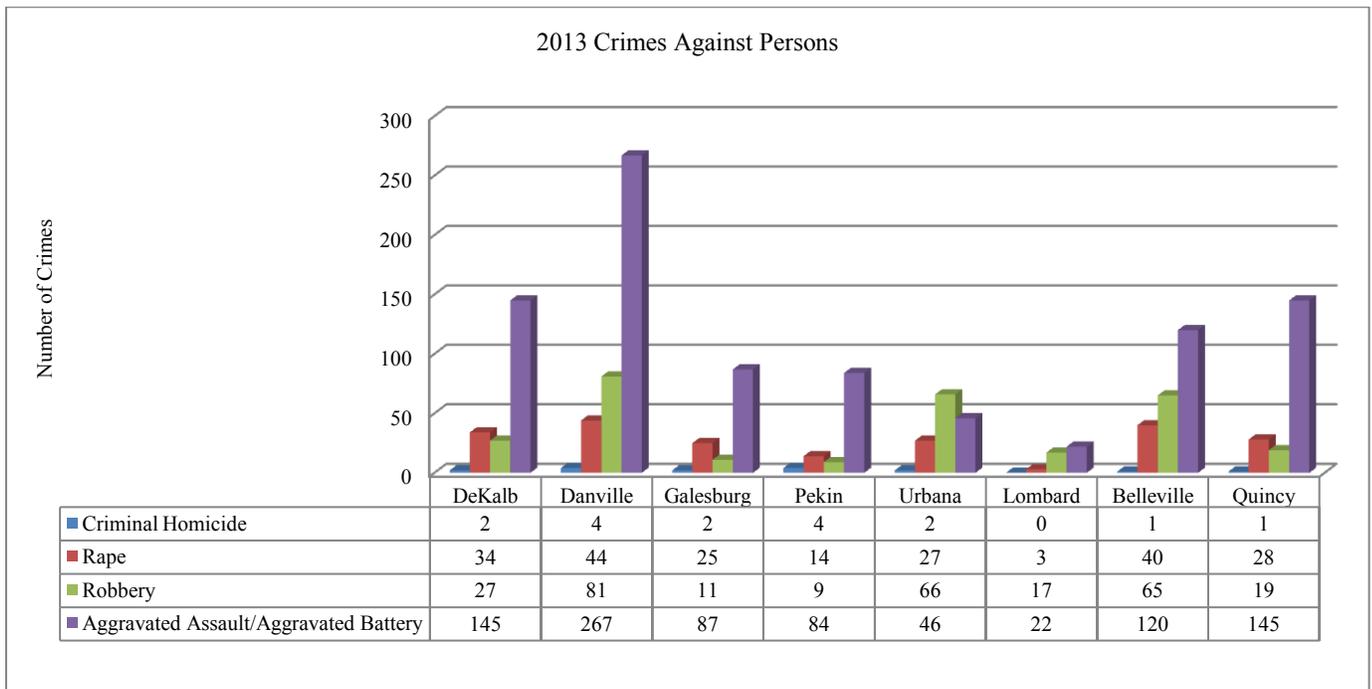

3.2. One Year View (2013) Crime Comparison

TOC3_2

Reported Statistics that can be used for comparisons are normally made available one year after their reported compilation. In this case 2014 statistics will not be available until late 2015, so comparisons are done with 2013 statistical information.

3.2.1. Violent Crimes Reported

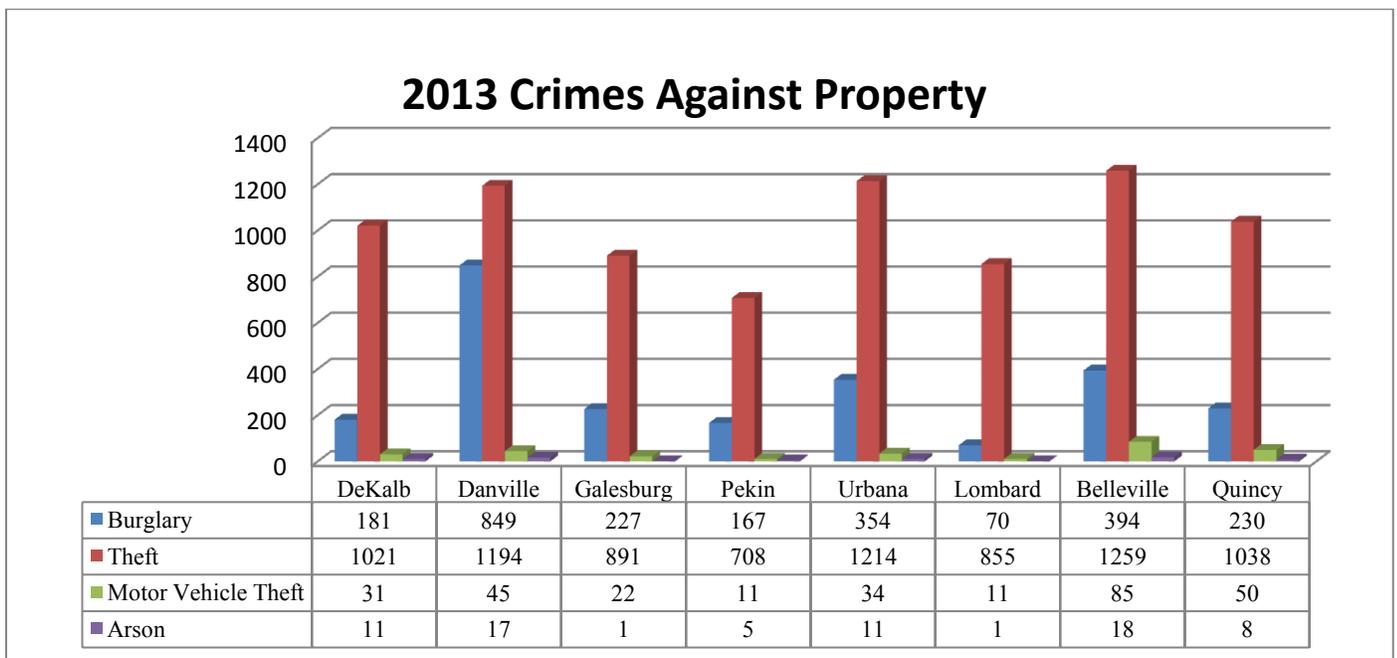

TOC3_2_1

As reported in Crime in Illinois, 2013

3.2.2. Property Crimes Reported

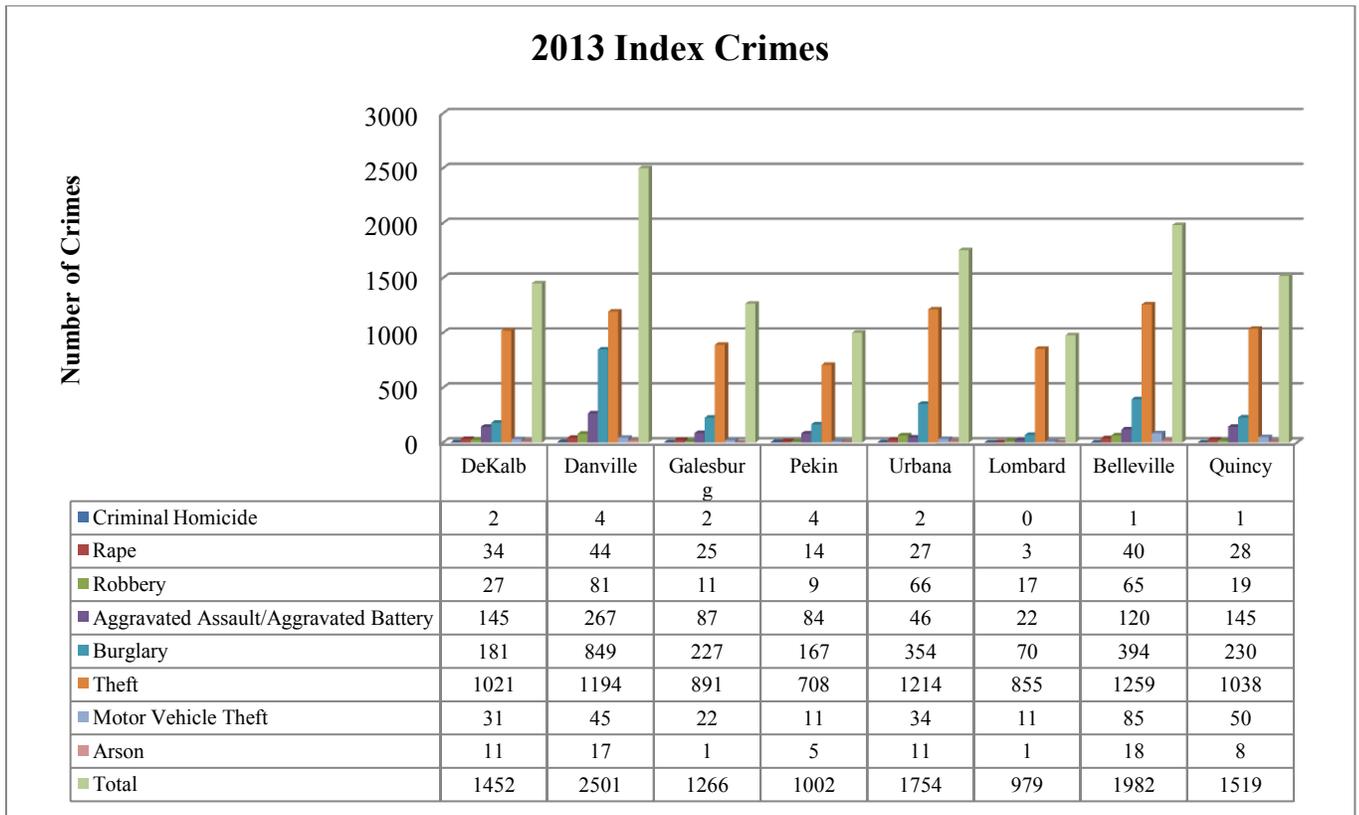

TOC3_2_2

As reported in Crime in Illinois, 2013

3.2.3. Total Major (Index) Crimes Reported

TOC3_2_3

As reported in Crime in Illinois, 2013

3.2.4. Crime Rate Comparison National / State / City

TOC3_2_4

The following information is taken from the FBI's Crime in the United States, 2013

- In 2013, an estimated 1,163,146 violent crimes occurred nationwide, a decrease of 4.4 percent from the 2012 estimate.
- When considering 5- and 10-year trends, the 2013 estimated violent crime total was 12.3 percent below the 2009 level and 14.5 percent below the 2004 level.
- There were an estimated 367.9 violent crimes per 100,000 inhabitants in 2013, a rate that declined 5.1 percent when compared with the 2012 estimated rate.
- Aggravated assaults accounted for 62.3 percent of violent crimes reported to law enforcement in 2013. Robbery offenses accounted for 29.7 percent of violent crime offenses; rape (legacy definition) accounted for 6.9 percent; and murder accounted for 1.2 percent.
- Information collected regarding types of weapons used in violent crime showed that firearms were used in 69.0 percent of the nation's murders, 40.0 percent of robberies, and 21.6 percent of aggravated assaults. (Weapons data are not collected for rape.)

| 2013 | Violent Crime Totals | Murder | Forcible Rape | Robbery | Aggravated Assault/Battery |
|-----------------------------------|-----------------------------|--------|---------------|---------|----------------------------|
| National | 1,163,146 | 14,196 | 79,770 | 345,031 | 724,149 |
| Illinois | 47,987 | 706 | 3,276 | 17,722 | 26,283 |
| Quincy | 188 | 1 | 27 | 18 | 142 |
| <i>Rate per 100,000 Residents</i> | | | | | |
| National | 36.79 | 0.45 | 2.52 | 10.91 | 22.91 |
| Illinois | 37.25 | 0.55 | 2.54 | 13.76 | 20.40 |
| Quincy | 45.45 | 0.24 | 6.60 | 4.40 | 34.71 |

NOTE: The above table and chart are based on the numbers as reported to and shown in the FBI's "Crime in the US" Statistical Report for 2013. .

3.2.5. Crime Rate Comparison National / State / City

TOC3_2_5

The following information is taken from the FBI's Crime in the United States, 2013

- *In 2013, there were an estimated 8,632,512 property crime offenses in the nation. The 2-year trend showed that property crime declined 4.1 percent in 2013 when compared to the 2012 estimate. The 10-year trend showed that property crime offenses decreased 16.3 percent in 2013 when compared with the 2004 estimate.*
- *In 2013, the rate of property crime was estimated at 2,730.7 per 100,000 inhabitants, a 4.8 percent decrease when compared with the 2012 estimated rate. The 2013 property crime rate was 10.2 percent less than the 2009 estimate and 22.3 percent less than the 2004 estimate.*
- *Of all property crimes in 2013, larceny-theft accounted for 69.6 percent. Burglary accounted for 22.3 percent and motor vehicle theft for 8.1 percent.*
- *Property crimes in 2013 resulted in losses estimated at \$16.6 billion.*

| 2013 | Property Crime Totals | Burglary | Theft | Motor Vehicle Theft |
|-----------------------------------|------------------------------|-----------|-----------|---------------------|
| National | 8,632,512 | 1,928,465 | 6,004,453 | 699,594 |
| Illinois | 292,983 | 58,237 | 213,813 | 20,933 |
| Quincy | 1308 | 231 | 1027 | 50 |
| <i>Rate per 100,000 Residents</i> | | | | |
| National | 273.07 | 61.00 | 189.94 | 22.13 |
| Illinois | 227.43 | 45.21 | 165.98 | 16.25 |
| Quincy | 319.69 | 56.46 | 251.01 | 12.22 |

NOTE: The above table and chart are based on the numbers as reported to and shown in the FBI's "Crime in the US" Statistical Report for 2013.

Section Four: City of Quincy Summary 2014

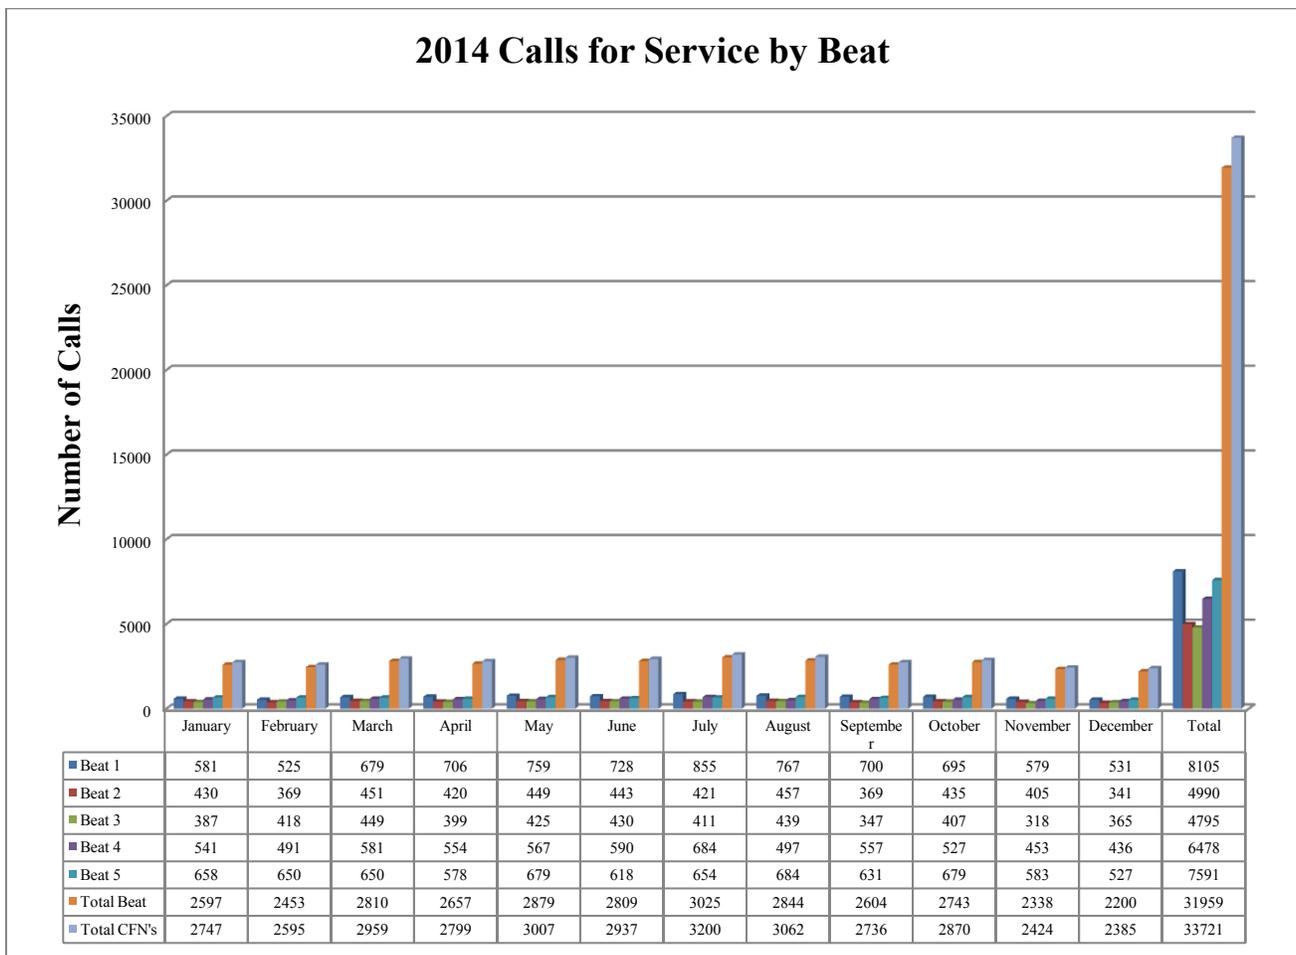

TOC4

This section of the report provides the numbers compiled by the department for self reporting and for use in required reporting to other agencies or persons. Statistical numbers are compiled on a calendar year basis and not the fiscal year used by the City for other reporting. The intent of this section is to provide an overview of department activities for the calendar year 2014 and compare them to activities for calendar year 2013. In 2014 the Quincy Police Department recorded 33,271 case file numbers being issued, a decrease of 4.13% from 2013. It should be noted that not all calls for service generate a case file number from which reports are filed. Also, the difference between the Total Beat and Total CFNs is that not all calls for service are geocoded, meaning they were not entered with an address/location recognized by the CAD system.

4.1. Calls for Service / Case File Numbers Issued

TOC4_1

In 2014, the Quincy Police Department had 33,721 calls for service. The graph below shows the number of calls by the month and beat. As you can see, Beat 1 has the most calls for service, followed by Beats 5, 4, 2, and 3 respectively.

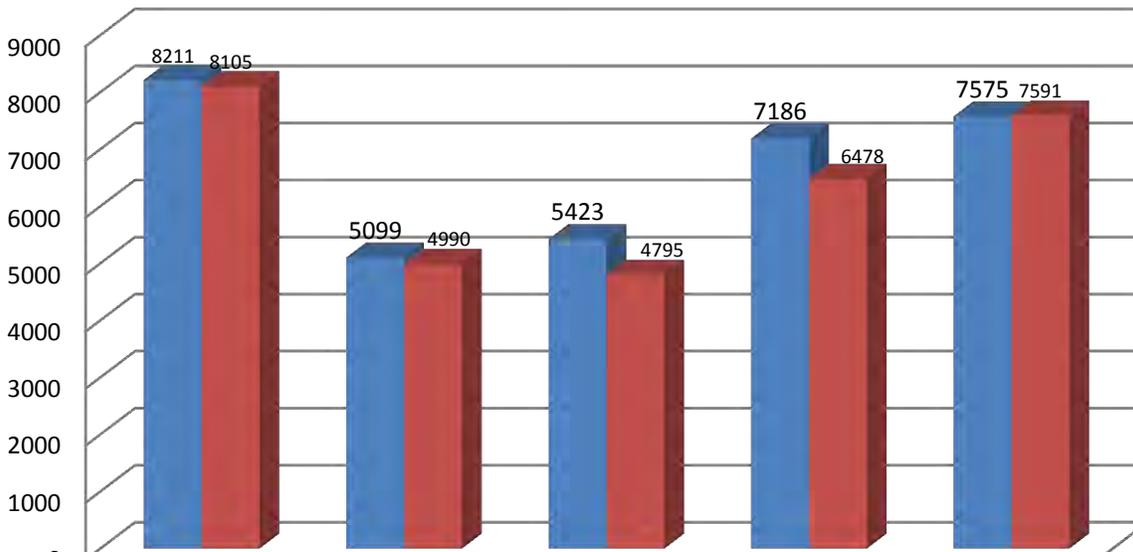

2014 Monthly Calls for Service by Beat

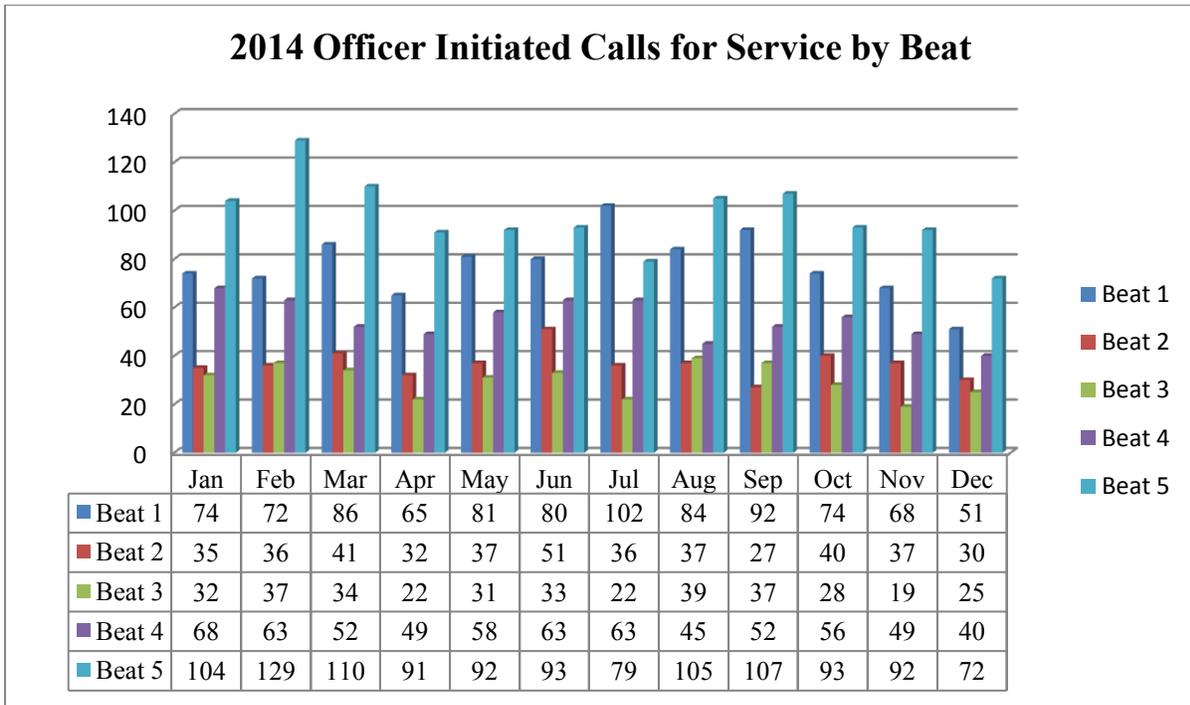

| | Jan | Feb | Mar | Apr | May | Jun | Jul | Aug | Sep | Oct | Nov | Dec | Total |
|-------------|------|------|------|------|------|------|------|------|------|------|------|------|-------|
| Beat 1 | 581 | 525 | 679 | 706 | 759 | 728 | 855 | 767 | 700 | 695 | 579 | 531 | 8105 |
| Beat 2 | 430 | 369 | 451 | 420 | 449 | 443 | 421 | 457 | 369 | 435 | 405 | 341 | 4990 |
| Beat 3 | 387 | 418 | 449 | 399 | 425 | 430 | 411 | 439 | 347 | 407 | 318 | 365 | 4795 |
| Beat 4 | 541 | 491 | 581 | 554 | 567 | 590 | 684 | 497 | 557 | 527 | 453 | 436 | 6478 |
| Beat 5 | 658 | 650 | 650 | 578 | 679 | 618 | 654 | 684 | 631 | 679 | 583 | 527 | 7591 |
| Total Beat | 2597 | 2453 | 2810 | 2657 | 2879 | 2809 | 3025 | 2844 | 2604 | 2743 | 2338 | 2200 | 31959 |
| Total CFN's | 2747 | 2595 | 2959 | 2799 | 3007 | 2937 | 3200 | 3062 | 2736 | 2870 | 2424 | 2385 | 33721 |

Calls for Service Beat Comparison 2013-2014

| | Beat 1 | Beat 2 | Beat 3 | Beat 4 | Beat 5 |
|------|--------|--------|--------|--------|--------|
| 2013 | 8211 | 5099 | 5423 | 7186 | 7575 |
| 2014 | 8105 | 4990 | 4795 | 6478 | 7591 |

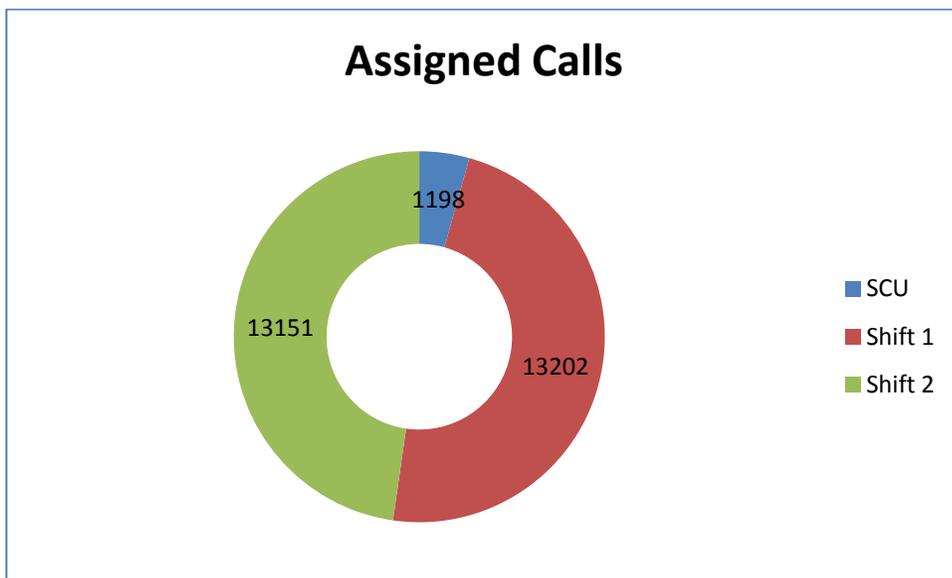

This graph shows the number of officer initiated calls within the 2014 calls for service. These calls are when office put themselves out on a call without dispatch being called.

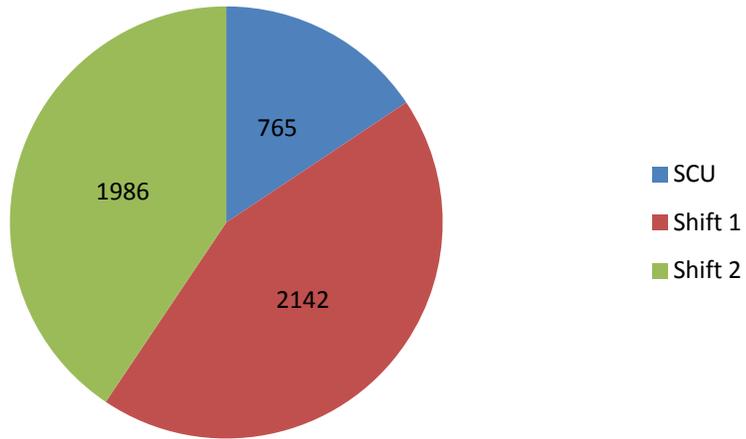

The Calls for Service numbers represent only those incidents where street officers were either dispatched to a call or where the street officer notified the 911 Center of their activity. They do not include incidents reported in other manners such as desk reports or teleserve. These would be reflected in the Case File Numbers issued.

4.2. Street Officer Activities by Shift / Unit for 2014

4.3. Assessment of Crime in Quincy

TOC4_3

In this section of the report, the numbers of Uniform Crime Reporting (UCR) crime incidents compiled by our department for 2013 through 2014 are compared. The following charts compare the past four years (2000 – 2014 for each of the four listed categories in the above table for all police districts.

4.3.1. Violent Crime

TOC4_3_1

| Violent Crime | 2014 | 2013 | % Change |
|-----------------------------------|-------------|-------------|-----------------|
| Criminal Homicide | 2 | 1 | 100.00% |
| Forcible Rape | 24 | 28 | -14.29% |
| Robbery | 13 | 19 | -31.58% |
| Aggravated Battery/Assault | 151 | 145 | 4.14% |
| Violent Crime Total | 190 | 193 | -1.55% |

4.3.2. Property Crime

TOC4_3_2

| Property Crime | 2014 | 2013 | % Change |
|-----------------------------|-------------|-------------|-----------------|
| Burglaries | 234 | 230 | 1.74% |
| Thefts | 1094 | 1038 | 5.40% |
| Motor Vehicle Thefts | 35 | 50 | -30.00% |
| Arson | 3 | 8 | -62.50% |
| Property Crime Total | 1366 | 1322 | 3.33% |

4.3.3. Total Major Crime

TOC4_3_3

| Total Major Crime | 2014 | 2013 | % Change |
|--------------------------------|-------------|-------------|-----------------|
| Major Index Crime Total | 1556 | 1519 | 2.44% |

Total Major Crime, which combines UCR reported Violent and Property Crime, for the City of Quincy increased by 2.44%. Overall, the total number of UCR reported index crimes rose by 37 from (1519) in 2013 to (1556) in 2013. Increases occurred in the areas of Criminal Homicide, Aggravated Battery/Assault, Burglary, and Theft. The table on the next page shows a more detailed reporting comparison of Index Crimes for the City of Quincy.

4.4. Assessment of Traffic in Quincy

TOC4

This section of the report will review the Police Department’s traffic enforcement efforts and Traffic Accident Information.

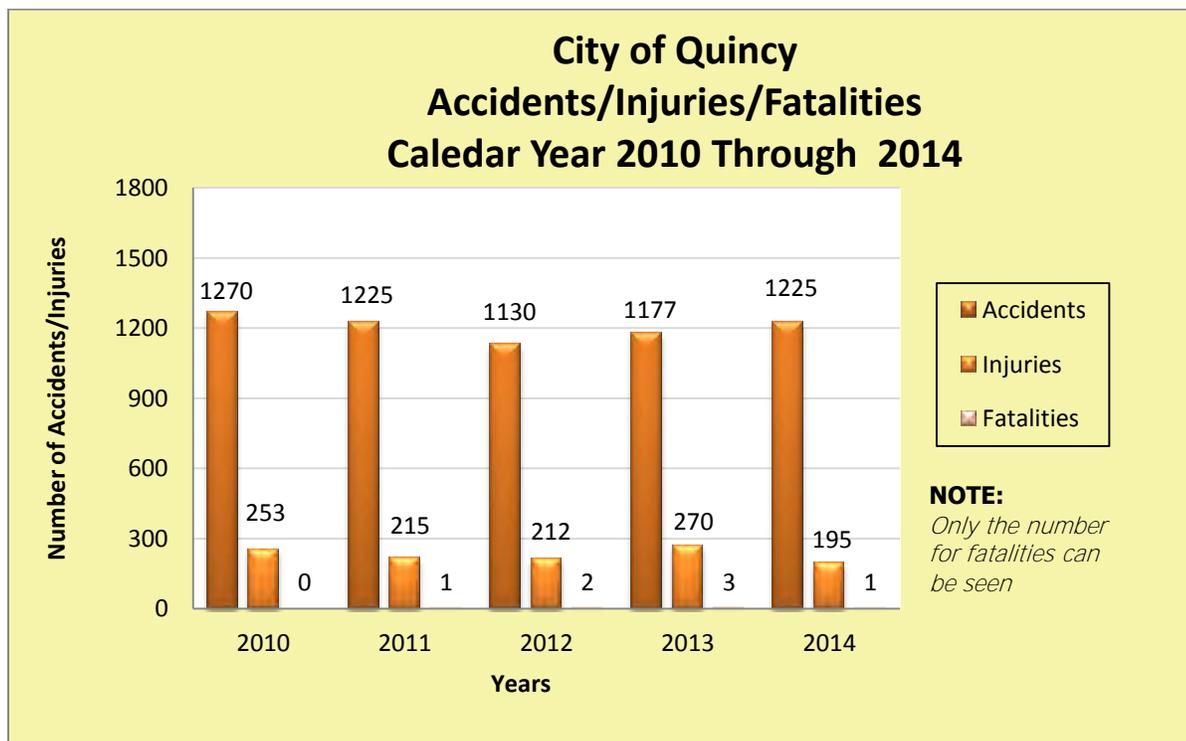

4.4.1. Total Traffic Accidents

TOC4_4_1

In 2014 traffic accidents rose by 4.08%. There were 1177 traffic crashes in 2013 and 1225 in 2014 (a difference of 48). Injuries from accidents dropped 27.04%, from 270 in 2013 to 195 in 2014. The fatalities also fell, with three in 2013 and one in 2014 (a difference of -100.00%).

| Accident Category | 2010 | 2011 | 2012 | 2013 | 2014 | % Chg |
|-------------------|------|------|------|------|------|----------|
| Accidents | 1270 | 1225 | 1130 | 1177 | 1225 | 4.08% |
| Injuries | 253 | 215 | 212 | 270 | 195 | -27.78% |
| Fatalities | 0 | 1 | 2 | 3 | 1 | -100.00% |

The following Table shows the Percentage of Change in comparing Accidents, Injuries and Fatalities for the years 2010 through 2014.

4.4.2. Top 10 Traffic Accident Locations

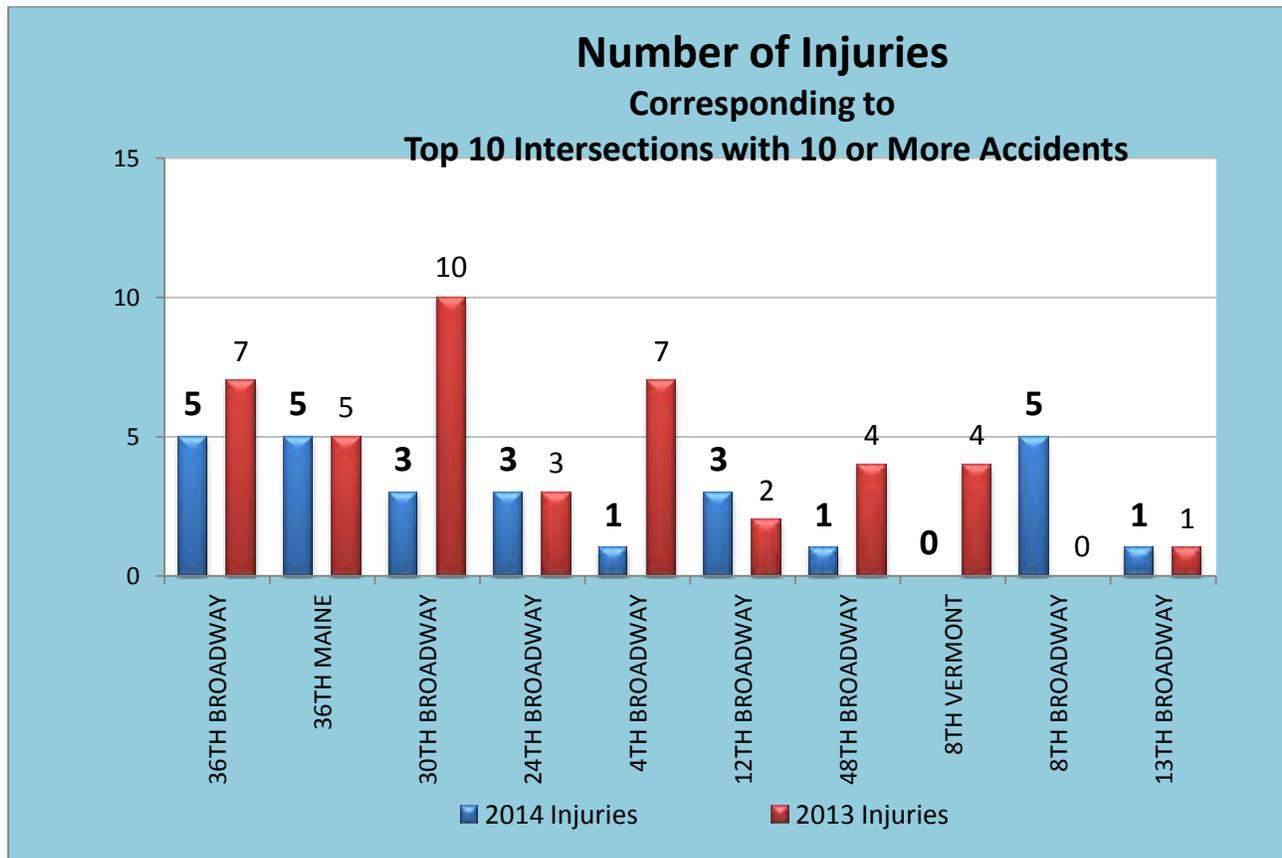

TOC4_4_2

| Intersections with 10 or more accidents | | | |
|---|----------------|----------------|-------|
| Location | 2014 Accidents | 2013 Accidents | % Chg |
| 36TH BROADWAY | 31 | 44 | -42% |
| 36TH MAINE | 18 | 14 | 22% |
| 30TH BROADWAY | 17 | 14 | 18% |
| 24TH BROADWAY | 15 | 19 | -27% |
| 4TH BROADWAY | 14 | 12 | 14% |
| 12TH BROADWAY | 14 | 12 | 14% |

TOC4_5

City of Quincy Traffic Arrests Calendar Year 2013 Through 2014

City of Quincy Abandoned Vehicles - Tagged and Disposed Of Calendar Year 2013 - 2014

4.6. Department Revenues

TOC4_6

In the course of providing police services, Quincy Police officers encounter and make arrests on those persons who are found violating the laws of the State of Illinois and of the City of Quincy. The courts also collect fees, from those who are found or plead guilty, that are directed, by law, to the police department to be used in enforcing of laws such as Driving Under the Influence or Drug Violations. Revenues for the fiscal year of 2014, which ran from May 01, 2013 to April 30, 2014, generated from the fines and penalties paid by those arrested and who either plead or were found guilty of their violations are:

| Fiscal 2014 | | Fiscal 2013 | |
|------------------------------|----------------------|------------------------------|----------------------|
| DUI Reimbursement ** | \$ 40,276.61 | DUI Reimbursement | \$ 45,780.63 |
| Notice of Violation tickets | \$ 16,160.00 | Notice of Violation tickets | \$ 19,005.00 |
| Parking Tickets | \$ 340.00 | Parking Tickets | \$ 0.00 |
| Ordinance Violations | \$ 499,989.96 | Ordinance Violations | \$ 418,654.22 |
| Drug Fines | \$ 1,091.94 | Drug Fines | \$ 1,184.00 |
| Crime Lab Fees | \$ 12,590.79 | Crime Lab Fees | \$ 7,857.21 |
| Total for Fiscal 2014 | \$ 570,449.30 | Total for Fiscal 2013 | \$ 492,481.06 |

** A recent local judiciary interpretation resulted in DUI reimbursements ONLY for those investigations that were from Calls for Service (ie. traffic crashes, tips, etc) and not from officer self initiated stops

4.7. West Central Illinois Drug Task Force

TOC4_7

Since 1988, the Quincy Illinois Police Departments has been involved with the West Central Illinois Drug Task Force by providing two officers to supplement this multi-jurisdictional task force. The focus of the task force is to address the unlawful sale, manufacture and use of drugs in West Central Illinois, which includes Quincy and Adams County.

| Type of Drug | Cases | | Arrests | |
|--------------------|-------|------|---------|------|
| | 2014 | 2013 | 2014 | 2013 |
| Meth | 83 | 98 | 106 | 118 |
| Cocaine | 6 | 24 | 3 | 2 |
| Crack | 1 | 0 | 3 | 4 |
| Cannabis | 32 | 10 | 23 | 11 |
| Ecstasy/LSD/Heroin | 3 | 9 | 9 | 10 |
| Prescription | 16 | 9 | 25 | 3 |
| Other Drugs | 21 | 1 | 2 | 2 |
| Other Offenses | | 23 | | 3 |

| Amount of all Drugs | 2014 | 2013 |
|----------------------------|--------------------|-------------|
| Seized (grams) | 102,309.611 | 61,989.12 |
| Purchased (grams) | 1,196.55 | 286.12 |

| | Cash Seized | Other Property Seized | Meth Labs Seized | Search Warrant |
|-------------|--------------------|------------------------------|-------------------------|-----------------------|
| 2014 | \$8,721.00 | \$32,688.00 | 23 | 47 |
| 2013 | \$8,578.00 | \$14,400.00 | 73 | 31 |

4.8. Summary Comparison Sick and Injury Time

TOC4_8

For calendar year 2014, employees took a total of 2502.92 hours of sick time compared to 1600.83 hours in 2013, an increase of 902.09 hours. Employees took a total of 219.50 hours of injury time in 2014 as compared to 416 hours in 2013, a decrease of 196.50 hours.

4.9. Summary Comparison Animal Control Activities

TOC4_9

In 2014 the Animal Control Officer handled 1710, a decrease of 401 calls from the 2111 calls in 2013. He recovered 559 domestic and 135 wild animals compared to 589 domestic and 145 wild animals in 2013. He issued 36 Notice of Violation tickets in 2014, the same number issued in 2013.

4.10. Summary Comparison Arrests and Tickets Issued

TOC4_10

2069 criminal arrests and 3931 traffic arrests were made in 2014 compared to 2261 criminal arrests and 3906 traffic arrests in 2013. There were 1286 city ordinance violation arrests in 2014 compared to 1670 in 2013. There were 579 Notice of Violation tickets and 3848 Warning tickets issued by officers in 2014 compared to 769 Notice of Violation tickets and 4289 Warning Tickets in 2013.

4.11. Summary Comparison Case File Numbers Issued

TOC4_11

There were 33,721 case files created in 2014 compared to 35,426 in 2013.

4.12. Summary Comparison Mileage / Gas Consumption

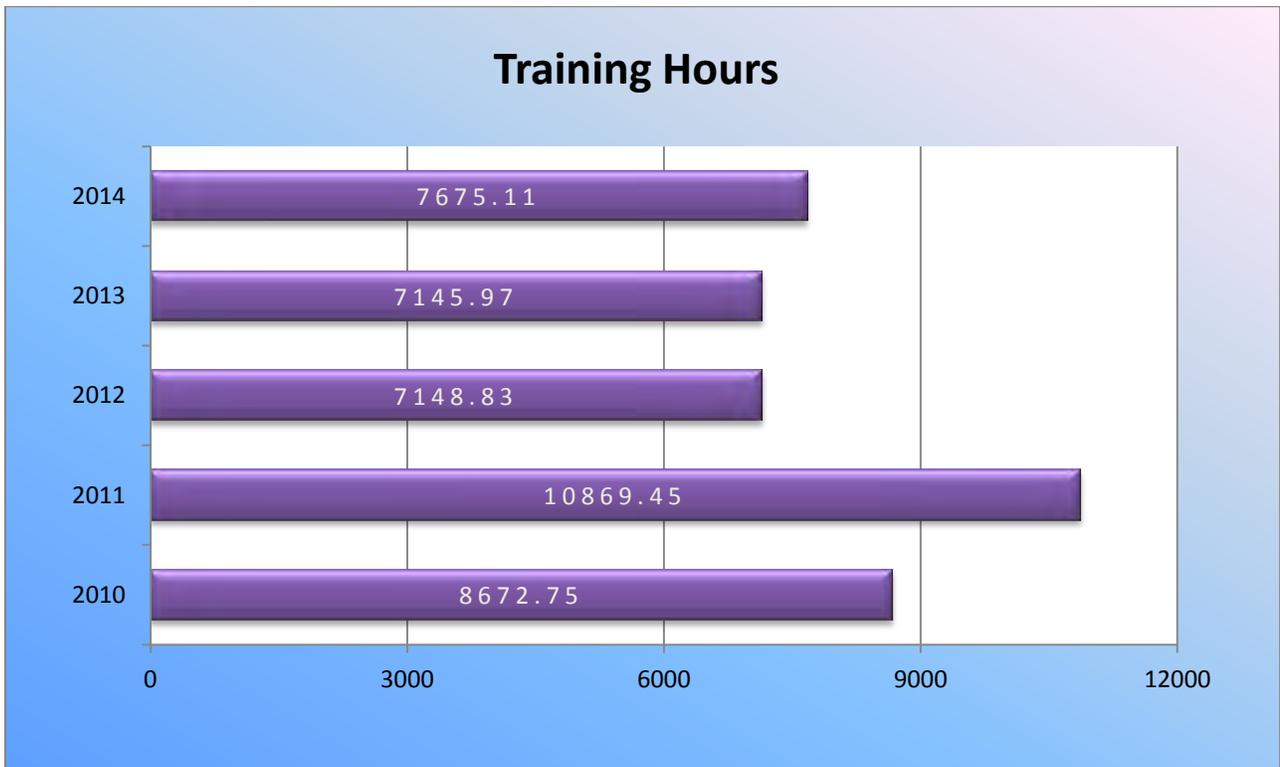

TOC4_12

Officers and Animal Control drove a total of 465,132 miles in 2014 compared to 510,609 miles in 2013. Police vehicles used 43,735.38 gallons of gas in 2014 compared to 44,184.27 gallons of gas in 2013. Animal Control used 1,673.22 gallons of gas in 2014 compared to 1,757.63 gallons of gas in 2013.

Section Five: Information From Around the Department

5.3. Retirements

TOC5_3

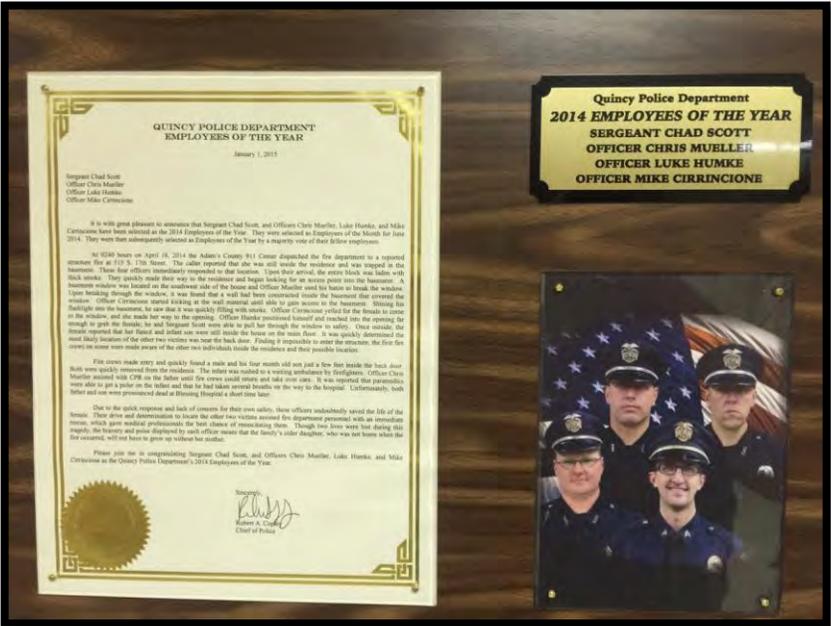

- Cliff Cox retired from the department with the rank of lieutenant on July 5, 2014
- Curt Kelty retired from the department with the rank of deputy chief on July 11, 2014
- E.J. Pullins retired from the department with the rank of patrol officer on July 25, 2014
- Jason Simmons retired from the department with the rank of lieutenant on October 3, 2014

Section Six: Departmental Honors

Our Department recognizes its employees for their contributions to both the Department and the community through departmental awards and recognitions consisting of such awards as Employee of the Year, Employee of the Month. Letters of Commendation are used to recognize outstanding work performance, duty above and beyond or other accomplishments connected to the department.

6.1. Employees of the Year

TOC6_1

Sergeant Chad Scott; Officers Chris Mueller, Luke Humke, and Mike Cirrincione

(The honor of Employee of the Year is chosen from those who were selected as Employee of the Month.)

6.2. Employees of the Month

TOC6_2

- January *Officer Kris Billingsley*
- February *Officer Terry Hagan*
- March *Officer Kevin Taute*
- April *Sgt. Doug VanderMaiden*
- May *Officer Erica Scott*
- June *Officers Mike Cirrincione, Chad Scott, Chris Mueller, and Luke Humke*
- July *Officer Jeff Baird*
- August *Officer Ryan Witt*
- September *Detective Doug McQuern*
- October *Detective Adam Gibson*
- November *Officer Nathan Elbus and Sgt. Adam Yates*
- December *Officers Kevin Taute and Jessica Willis*

(The following provides the nominating information for Employee of the Month.)

January 2014: Officer Kris Billingsley was nominated for this award due to his proactive approach to police work, and particularly how it led to solving a series of burglaries to 300 Vermont. After this address was entered numerous times, he took it upon himself to have a Varda Alarm installed. On December 7, 2013, when the business was entered again, the Varda Alarm was triggered allowing officers to catch the suspects inside. This led to the arrest of two suspects of various burglaries, from which Officer Billingsley was able to obtain confessions. Officer Billingsley's work on this case was pivotal in taking two felons off the streets.

February 2014: Officer Terry Hagan was nominated and selected due to his diligent police work, specifically on a theft case he investigated in January. On January 12th, 2014, Officer Hagan took a felony theft report from a male subject. The male reported that his I-Phone 5 had been lost or stolen approximately six weeks earlier. The male said that he suspected the phone had been lost or stolen while he was at 36th and Broadway, or from his truck. Even though he had very little to go on, Officer Hagan kept in close contact with the victim following the initial report, and was able to develop leads as to the possible location of the I-Phone. Following up on specific electronic information, to include the use of Apple I-Cloud technology and social media application information, Officer Hagan developed two males as individuals tied to the use of the missing phone. Coordinating with additional officers to conduct simultaneous interviews of both suspects, as well as follow-up interviews with additional persons to corroborate their stories, Officer Hagan was able to recover the lost or stolen phone and establish that the individuals involved had come by the phone in a non-criminal manner. The phone was returned to the victim, much to his satisfaction. This type of diligent police work is all too often overlooked because it does not end in an arrest or prosecution. However, Officer Hagan's willingness to stay in contact with the victim and follow-up on any and all pertinent information developed during the investigation is a great example of how, as police officers, we can provide great customer service to the citizens who call upon us for help.

March 2014: Officer Kevin Taute was nominated for this award due to his tremendous work on a complex burglary investigation, which led to the arrest of two subjects on multiple charges. On January 19, 2014, Officer Taute took a burglary report in which numerous antique toys had been stolen from a building at 407 Hampshire. He continually followed up with the victim on this case and obtained pictures of the stolen items. After receiving information that one of the stolen items was for sale on eBay, Officer Taute enlisted the assistance from Detective VanderBol and Officer Billingsley, who was on temporary assignment with Investigations at the time. A search warrant was obtained and a sting operation was coordinated with the help of Sergeant Pilkington. Two subjects were taken into custody. One of the subjects had over three grams of methamphetamine on his person packaged for sale. As a result of Officer Taute's investigation and diligent work, numerous items of stolen property were recovered and two prolific burglars and meth dealers were taken off of the street.

April 2014: Sergeant Doug VanderMaiden was nominated for this award due to the excellent work he has performed as the HBT Coordinator and FTO Coordinator. Both of these secondary positions at the department require a great deal of preparation and commitment in order to be performed properly. He has proven that he has the drive and ability to excel in these areas. In the role of HBT Coordinator, Sgt. VanderMaiden has been very innovative in the area of training, coming up with new ideas and venues to keep the interest and enthusiasm at a high level for the team members. Sergeant VanderMaiden has been involved in the planning of numerous

high-risk search warrants during his tenure as HBT Coordinator. It is to his credit that there have been no injuries incurred by officers or citizens during any of these high risk situations. Sgt. VanderMaiden is a natural leader and his calm demeanor under adverse situations is well appreciated by the officers he commands.

May: Officer Erica Scott was nominated for this award due to her efforts in locating a wanted person. On 04/01/2014, the WCITF had a subject flee in a vehicle from N 36th St and Locust St after he attempted to pick up 20 grams of Ecstasy from the USPS. The driver of the vehicle was identified by officers. The vehicle was located unoccupied shortly after in the area of Crestview and Shirlen Drive. Officers searched the immediate area where the vehicle was located, finding no one. At that point the chances of locating the subject were very slim as witnesses could only provide a general area in which he fled. The subject in the past had been listed as the Crime stoppers Fugitive of the Week and has proven his willingness to avoid arrest by fleeing on foot or in vehicles. Several marked units from the Quincy Police Department and the ACSO had arrived on scene where the vehicle had been located. Officer Scott was ending her tour of duty for the day, but took the time and effort to drive through the area to look for the subject. She surmised Lind Street to be a logical path that the subject would travel, so she chose that area to search for him. Officer Scott located the subject walking on foot in the area of North 22nd St and Lind St. She took the subject into custody and also observed him throw a small bag of cannabis on the ground. Officer Scott could have easily continued to headquarters to end her shift and not assisted with the search. She went out of her way to check the area for the subject. If not for her dedication, the male subject would most likely still be at large, prolong the investigation. Officer Scott's unselfishness and willingness to assist facilitated the arrest of this subject and took a habitual felon off our streets.

June: At 0240 hours on Wednesday, April 16th, the Adams County 911 Center dispatched the fire department to a reported structure fire at 515 S. 17th Street. The caller reported that she was still inside the residence and was trapped in the basement. Officers Mike Cirrincione, Chad Scott, Chris Mueller, and Luke Humke immediately responded to the location. Upon their arrival the officers found the entire block laden with thick smoke. They quickly made their way to the residence and began looking for an access point into the basement. The Officers found a basement window on the southwest side of the house. Officer Mueller used his baton to break the window to gain access to the basement. Upon breaking through the window, Officers found that a wall had been constructed inside the basement that covered the window. Officer Cirrincione started kicking at the wall material until he was able to gain access to the basement. Shining his flashlight into the basement, Officer Cirrincione saw that the basement was quickly filling with smoke. He yelled for the female to come to the window. A female made her way to the opening. Officer Humke was able to get himself into the opening far enough to grab the female and pull her through the window to safety. Once outside, the female told officers that her fiancé and infant son were still inside the house on the main floor. Officers quickly determined the most likely location of the other two victims was near the back door. Finding it impossible to enter the structure, the officers made the first fire crews on scene aware of the other two individuals inside the residence and directed them to their possible location. Fire crews made entry and quickly found a male and his four month old son just a few feet inside the back door. Both were quickly removed from the residence. The infant was rushed to a waiting ambulance by firefighters. Officers assisted with CPR on the infant until the fire crews could return and take over care. It was reported that paramedics were able to get a pulse on the infant and that he had taken several breaths on the way to the hospital. Unfortunately, both father and son were pronounced dead at Blessing Hospital a short time later. Due to their quick response and lack of

concern for their own safety, these officers undoubtedly saved the life of the female. Their drive and determination to locate the other two victims assisted fire department personnel with an immediate rescue, which gave medical professionals the best chance of resuscitating them. Though two lives were lost during this tragedy, the bravery and poise displayed by these four officers means that the family's older daughter, who was not home when the fire occurred, will not have to grow up without her mother.

July: Officer Jeff Baird was nominated for this recognition due to his outstanding work on an internal theft investigation. The investigation began in March 2014 that led to the arrest of the suspect in June 2014. On March 21st Officer Baird was assigned to a call for service at a local business in his patrol district regarding an internal theft. The theft involved a long time employee who was suspected of stealing thousands of dollars in merchandise from the business and reselling the items for his own benefit. Officer Baird knew at that time that this investigation would require many hours of follow-up which could have allowed him the option of forwarding the report to the investigative unit; however, he accepted the responsibility of continuing the investigation on his own. Throughout the investigation, Officer Baird worked closely with the owner of the business in order to obtain the necessary evidence to make an arrest in the case. Officer Baird also worked with the state's attorney's office along with the investigative unit to collect information and evidence outside that business to solidify the case for the best chance of a conviction. Some of this work required him to work during his scheduled days off. The investigation revealed that the theft involved thousands more dollars in loss than the business initially discovered. The investigation also led to the seizure of thousands of dollars of suspected stolen property as well as thousands of dollars of US currency. Ultimately, the suspect was arrested in June and charged with Theft (\$10,000 - \$100,000). Thanks to the hard work of Officer Baird, the owner of the local business victimized in this case can see justice done and hopefully continue to thrive.

August: Officer Ryan Witt was nominated for this recognition due to his quick response and willingness to engage a very violent and dangerous situation alone. On Saturday, June 28th, at about 0237 in the morning Officer Witt was dispatched to a remove subject call at an upstairs apartment in the 400 block of Oak. The caller told the 911 operator that a male was trying to kick in the apartment door. Officer Witt responded and upon his arrival, saw that a male suspect had a male victim pinned down on the porch of the apartment and was punching the victim continuously in the head. Officer Witt quickly ran to the victim's aid, yelling for the suspect to stop. Ignoring Officer Witt's commands, the suspect continued striking the victim in the face. When Officer Witt reached the suspect, he grabbed the suspect's arm to stop the beating. Undeterred, the suspect started hitting the victim with his other arm. Officer Witt noticed that the victim had stopped defending himself and appeared to be losing consciousness. Officer Witt struck the suspect several times in order to stop the continued attacks against the victim. Even after Officer Witt removed the suspect off the victim, the suspect continued to try to get back at the victim. The suspect continued to struggle with Officer Witt but was eventually handcuffed. The suspect was arrested and charged with Home Invasion. Officer Witt's quick response and courageous actions likely saved the victim from suffering very serious injury or death.

September: Detective Doug McQuern was nominated for this recognition due to his work while investigating a home invasion on July 21, 2014. On that date two subjects entered a residence with a handgun and baseball bat and robbed a resident of the home. Detective McQuern took lead on the investigation and began interviewing several witnesses. The possible identification of one suspect was known fairly early in the investigation. After conducting numerous interviews

he came up with a possible name of the second suspect. After initial work at the scene, Detective McQuern coordinated with the US Marshalls Task force to try and locate the two suspects. In the evening hours of July 22, 2014 the U.S. Marshalls Task Force located one of the suspects. Detective McQuern came in and was able to get a complete confession from the suspect who also implicated the second subject. Detective McQuern then continued to work closely with the task force who tracked and eventually located the second suspect in Tennessee. Detective McQuern's diligence in working the case helped take two dangerous felons off the streets in a short period of time. It is this type of work that has made Detective McQuern a valuable member of every unit to which he has been assigned.

October: Detective Adam Gibson was nominated for this award due to his hard work on a death investigation that had been open since 2006. He began working on the case in December 2013. In August 2014 his work culminated in a grand jury indictment for First Degree Murder. On the morning of February 14, 2006 a 38 year old female was reportedly found deceased in bed by her husband. At that time, neither the cause of death, nor the manner of death was officially determined. The pathologist conducting the original autopsy ruled the cause of death as "undetermined." Likewise, the Coroner's Jury in the inquest ruled the manner of death as "undetermined." Detective Gibson reviewed the case and developed new leads over the course of the next eight months. Expert pathologists reviewed the original autopsy and have since determined the cause of death to be suffocation at the hands of another. Detective Gibson testified before a grand jury on August 27, 2014 regarding this case utilizing old and new information obtained. The grand jury subsequently indicted the husband of the deceased. The subject was located and arrested the same day for First Degree Murder, with bond set at \$5,000,000. Although the outcome of the case is still pending, the aggressive police work completed by Detective Gibson has led this case to a probable conclusion.

November: Officer Nathan Elbus and Sergeant Adam Yates were nominated for this recognition due to their lifesaving efforts on October 18, 2014. At 12:12 p.m. that date Officer Elbus was dispatched to the Early Tin Dusters event in Washington Park regarding an unconscious 29 year old male who was not breathing. Sgt. Yates responded to assist. Upon arrival, Officer Elbus located the victim, who was unresponsive. There was a crowd around the victim, but no one had offered assistance. Officer Elbus used his AED to deliver a shock to the victim. Sgt. Yates arrived shortly thereafter and assisted Officer Elbus with 2-man CPR. Once QFD & EMS personnel arrived on scene, they took over the care. Officer Elbus then began gathering information from family members of the victim regarding any pertinent medical information that could help first responders with treatment. It was learned that he had a prior diagnosis of an irregular heartbeat as well as lengthy medical history. While on scene, paramedics were able to get a pulse and the patient took several breaths. Once at the emergency room, doctors confirmed that the victim had a heart beat and the initial prognosis was favorable for recovery. Unfortunately, the victim passed away while in the ICU. While it is unfortunate that the victim ultimately died, the lifesaving efforts of these officers were not in vain. Their quick and proficient actions prolonged the victim's life, allowing his family the opportunity to see him, say goodbye, and have some closure.

December: Officers Kevin Taute and Jessica Willis were nominated for this award due their outstanding work on a recent Hit & Run investigation. On November 3, 2014, Officers Taute and Willis were dispatched to a traffic crash at 4th & Maine. The suspect vehicle in the crash turned left (West) onto Maine St. from the easternmost lane on 4th Street, cut off the driver of the second vehicle causing it to crash, and then left the scene. The second driver was able to avoid

the collision with the suspect vehicle, but struck the curb causing damage to the front of his vehicle. He was able to catch up to the suspect vehicle at 3rd & Maine, and took a picture of the license plate. The suspect vehicle was a State owned vehicle registered to IDOT's Central Office Motor Pool in Springfield, IL. When contacted, an IDOT official told the officers that the employee assigned to that vehicle was not in Quincy on the date of the crash, and had been in the Carbondale, IL area. Officers Taute and Willis were able to speak with a supervisor, who conducted an interview with the employee assigned to the suspect vehicle. The driver ultimately admitted that he was in fact in Quincy on that date, and further admitted that he had caused the accident and left the scene. Arrangements were made for the suspect driver to turn himself in at QPD. On November 21, 2014, Officers Taute and Willis met with the suspect driver and arrested him for Improper Turn at an Intersection and Leaving the Scene of an Accident. Instead of ending their investigation at the first perceived roadblock, Officers Taute and Willis pushed on. Their persistence in following the evidence of the case, coupled with the willingness to work through the bureaucratic quagmire of state government, led them to a successful completion of the investigation and some degree of satisfaction for the victim driver.

6.3. Letters of Commendation

TOC6_3

- Sergeant Bryan Dusch
- Detective Gabe Vanderbol
- Detective Travis Wiemelt
- Officer Adam Gibson
- Officer Terry Hagan
- Officer Paul Hodges
- Officer Greg Liesen
- Officer Stefanie Yates

6.4. Years of Service Milestones

TOC6_4

5 Years of Service..... Officer Amber Derhake, Officer Kim Morrison, Diane McGruder, Emily Pezzella

Police Memorial Ceremony
2014

Remembering those who made the ultimate Sacrifice

Police Officer's Prayer

Dear Lord, grant me the strength and courage
to face that from which others flee or fear.

When in the face of a formidable foe, be it man or nature,
provide unto me an understanding and compassionate soul.

Let my judgment be just and without bias,
and grant me patience with those who try it.

And Lord when the time comes and I am called upon
to make that ultimate sacrifice,
I humbly ask that through your everlasting grace
you protect those I love and cherish.
