# Message From The Chief

To: The Citizens of Quincy, Mayor Kyle Moore,  
Members of the City Council, and the Board of  
Fire and Police Commissioners

On behalf of the men and women of the Quincy Police Department it is my pleasure to present to you our 2018-2019 Annual Report. We continue to strive to better serve the citizens of the City of Quincy in a more effective and efficient manner. Please note that our statistics are kept by calendar year, so comparisons are of 2018-2017.

Calls for service decreased from 36,688 in 2017 to 35,740 in 2018. Index Crimes increased from a total of 1431 in 2017 to 1543 in 2018. Violent Crime increased by 8.15%. Property Crime increased 7.76%. The following lists the changes in the various Index Crime categories between 2017 and 2018. There were increases in five categories: Homicide was up 1 from 0, Forcible Rape was up from 44 to 51, Aggravated Assault/Battery was up from 170 to 186, Theft was up from 928 to 1022, and Motor Vehicle Theft was up from 42 to 50. There were decreases in three categories: Robbery was down from 19 to 14, Burglary was down from 222 to 216, and Arson was down from 7 to 3.

We also continue to fight the scourge of illicit drug use in our community. Our efforts in this area are varied. While our patrol officers are the front line, a tremendous effort is put forth behind the scenes with our officers in the Street Crimes Unit and the West Central Illinois (Drug) Task Force. Working hand in hand with the Illinois State Police and the Adams County Sheriff's Department, we continue to put forth great efforts on this front. Although methamphetamine and cannabis remain our largest challenges, we continue to see strong use of heroin and other opioids.

I would like to thank everyone for the great support received this past year. I especially wish to thank the members of the Quincy Police Department; if not for their hard work and dedication, we would not be the department that we are today.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Copley', written over a red horizontal line.

### 1.3 Mission Statement of the Quincy Police Department

## Mission Statement of The Quincy Police Department

*“As members of the Quincy Police Department, it is our mission and duty to serve the citizens of our community and to protect all life and property; to apply the law fairly, ethically and equally to all; and to work in concert with the citizens of our community to improve Quality of Life.”*

## Section Two: Uniform Crime Reporting System (UCR)

The Federal Bureau of Investigation (FBI) annually publishes the “Crime in the US” report. The report relies on data collected and reported by participating agencies. Unfortunately, the State of Illinois does not report its law enforcement agencies UCR information to the FBI.

The Quincy Police Department voluntarily participates in the State of Illinois UCR system. For the purposes of this report, the focus will be on the seven major crimes reported in UCR. For reporting purposes, the seven major crimes are categorized into two groups: Violent Crime (including Murder, Criminal Sexual Assault, Aggravated Assault/Battery and Robbery) and Property Crime (including Burglary, Theft and Motor Vehicle Theft). The Total Major Crime or Index Crime is an aggregate of the total Violent Crime and Property Crime, providing an overall view of major crime in an area.

The UCR system counts each victim of murder, sexual assault and aggravated assault/battery as an individual crime occurrence, whereas only incidents of robbery, burglary, larceny and motor vehicle theft are counted. This means that a double murder occurring at the same time in the same location is treated as two murders but a robbery in which a store clerk and three customers are the victims is only counted as one robbery.

### **2.1. Reporting Methodology**

The reporting method utilized in this report is Volume which represents the actual number of crime incidents reported in accordance with the UCR system. The volume of crime in a specific area is critical to strategic planning and identifying trends.

Since normally viewed comparisons for Crime utilizes Rate and are compiled and compared for populations of 100,000 or more residents, the statistical comparisons in this report will be by volume with cities comparable in size to Quincy. UCR information from a sampling of Illinois cities having a population between 31,000 and 44,000 residents was used in the comparison section of this report. This information was pulled from the information found by contacting the individual departments.

The comparison numbers being used, both nationally and for our department, are those reported for the calendar year 2017 and 2018. To determine averages the following calculations were performed. National UCR totals were divided by taking the total population figure and dividing it by 1000 to come up with the per 1000 population total which is then used as the divisor to figure the Crime Rate from the nationally reported Volume. The same was done using those corresponding figures for the State and those Illinois cities comparable in size to Quincy. UCR reported numbers for 2018 from the State of Illinois will not be available until sometime late in the year of 2019.

## Section Three: Crime In Comparative Sized Illinois Cities

The City of Quincy was compared to seven other similar sized Illinois communities that participate in the FBI's UCR System.

### 3.1. City Population Comparison

(Population numbers taken from Crime in Illinois for 2016.)

### 3.2. Two Year View (2017-2018) Crime Comparison

Reported Statistics that can be used for comparisons are normally made available one year after their reported compilation; however, information was gained for 2018 by contacting the individual departments used in the comparison.

### 3.2.6. Crime Rate Comparison National / State / City

The following information is taken from the FBI’s Crime in the United States, 2017

- *After two consecutive years of increases, the estimated number of violent crimes in the nation decreased 0.2 percent in 2017 when compared with 2016 data.*
- *In 2017, there were an estimated 1,247,321 violent crimes. The estimated number of robbery offenses decreased 4.0%, and the estimated number of murder and nonnegligent manslaughter offenses decreased 0.7% when compared with estimates from 2016.*
- *Property crimes dropped 3.0 %, marking the 15<sup>th</sup> consecutive year the collective estimates for these offenses declined.*
- *Nationwide, there were an estimated 7,694,086 property crimes. The estimated numbers for two of the three property crimes showed declines when compared with the previous year’s estimates. Burglaries dropped 7.6%, larceny-thefts decreased 2.2%, but motor vehicle thefts rose 0.8%.*

# Section Four: City of Quincy Summary 2018

This section of the report provides the numbers compiled by the department for self reporting and for use in required reporting to other agencies or persons. Statistical numbers are compiled on a calendar year basis and not the fiscal year used by the City for other reporting. The intent of this section is to provide an overview of department activities for the calendar year 2018 and compare them to activities for calendar year 2017. In 2018 the Quincy Police Department recorded 35,740 calls for service. In 2017, the Quincy Police Department had 36,688 calls for service. This is a decrease of 948 or 2.58%. It should be noted that not all calls for service generate a case file number from which reports are filed. Also, the difference between the Total Beat and Total CFNs is that not all calls for service are geocoded, meaning they were not entered with an address/location recognized by the CAD system.

### 4.1. Calls for Service / Case File Numbers Issued

In 2018, the Quincy Police Department had 35,740 calls for service. The graph below shows the number of calls by the month and beat. As you can see, Beat 1 has the most calls for service, followed by Beats 5, 4, 3, and 2 respectively.

## 2018 Officer Initiated Stops

This graph shows the number of officer initiated calls within the 2018 calls for service. These calls are when officers put themselves out on a call without dispatch being called.

The Calls for Service numbers represent only those incidents where street officers were either dispatched to a call or where the street officer notified the 911 Center of their activity. They do not include incidents reported in other manners such as desk reports or teleserve. These would be reflected in the Case File Numbers issued.

Help me, Lord, to be a good  
and capable police officer.

Give me the courage to face the unknown  
and to act on my convictions.

Give me the wisdom to remain above temptations  
and frustrations I will meet.

Give me the dedication to do the best job I can do  
and give me your protection, Lord, so that I can  
return home from each day safely.

*Remembering those who made the ultimate Sacrifice*
